The JAMBALAYA staff feels honored in dedicating the 1950 JAMBALAYA to a man who contributes a vital part to student life in all its aspects on the Tulane campus. •

To his boys in Tulane's band, he is known and loved as "The Chief;" to people

in the intercollegiate music world he is recognized as one of the leaders;

and to musicians everywhere he is known as a fine composer and director.

• To us, at Tulane, he is "the man with the band" and is held in highest regard. With this in mind we respectfully dedicate the 1950 JAMBALAYA to

John J. Morrissey.

DEDICATION

It scarcely seems fashionable these days to be optimistic about the future. At the risk of being considered out of style, I am optimistic. The reason for my faith is a peculiar confidence in the purpose and ability of American college youth. I believe college men and women have today a greater concern for the world's problems, and their own too, than ever before. I believe they are resolved to employ generally a more mature and sober attitude in their encounter with them.

This is chiefly the hope of mankind, for the future of the world largely depends upon the wisdom and vigor of America's course, and day by day that course is being charted in our colleges and universities. Their graduates include most of the leaders of government, industry and business, and virtually all the professions.

It is a paradox to suggest that our democracy must establish an aristocracy. It will become perhaps the first true aristocracy in the world—a leadership by those best qualified through education and training. I believe this paradoxical arrangement assures us a brighter future than is fashionable now to predict. This yearbook provides additional manifestation of it.

WARREN MIX, President

The Tulane Student Council, composed of one member from each of the eight colleges, is the highest governing body of Tulane students. All matters of finances and policy are directly administered by the Council. All campus groups are subject to its approval for recognition and for continued functioning. Meeting at least once, sometimes twice, each week, the 1949-50 Council organized for the first time on the Tulane campus a "Leadership Council," composed of the presidents of all campus groups and organizations. This leadership council serves as a co-ordinating and advisory body for all areas of student activity.

The Student Council officers are popularly elected by the entire student body of Tulane University, and the Council members are the popularly elected presidents of each of the respective colleges.

To form a basis of cooperation between the faculty and students is the primary function of the association. Student Council, composed of the officers of the association, acts as the piloting unit in the plan.

The Student Council, moreover, proposes any needed changes in Newcomb's constitution; it grants all charters for campus organizations; it strives, at all times, to em-

body the active work of an association of able and adult individuals. An efficient and representative self-government is, then, the goal set forth by the Council. It has accomplished its aim this year in completing various projects of campus-wide interest, and for the benefit of every Newcomb student.

The Newcomb Honor Board functions as the judiciary committee of the Student Government organization under the Honor System; students have full control of all matters of conduct in examinations, class work, and out-

side work. Any violation of the honor system is handled by Honor Board, with the President presiding and the members acting as a jury. Honor Board also has charge of all new students signing honor pledges.

Composed of representatives from all of the campus houses, the Newcomb Dormitory Council provides the resident student government for students living in the dormitories. It carries out the rules and regulations, tries offenders, and serves with executive, judicial, and legislative powers.

The Council also provides for entertainments by and for its members, working with all dormitory students for an efficient system of self-government in matters relating to the conduct of its members, both as individuals and as a social group. In these ways the Council endeavors to obtain a well-rounded dormitory life.

The Art work on "Pete" the pelican was done by Bill Brockway.

The photography was done by the Tulane Photo Service with Armand Bertin and Vi doing the yeoman work.

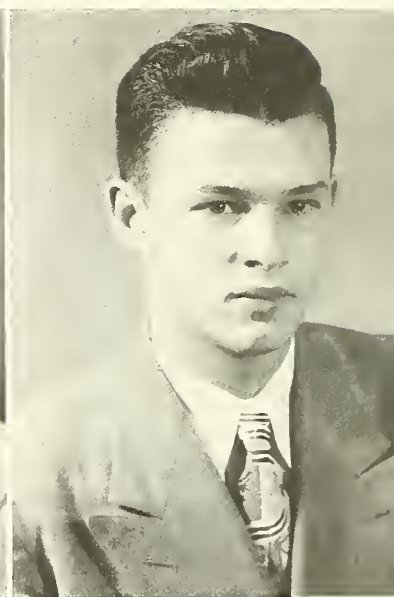

On the whole, we the editors have felt that Tulane has had one of its biggest years. It was a year when there was much to be proud, of course every rose has the proverbial thorn and Tulane was no exception (witness the N.D. and L.S.U. fiascos). But on the whole the spirit gained, the campus wide elections drew tremendous in-

terest as well as the election of the first Miss Pauline Tulane, and then the addition of a real, live mascot in the form of a pelican.

The book this year was dedicated to John J. Morrissey, Director of the Tulane Band, for the reasons expressed in the dedication but it was a hard close choice with Monk Simons leaving the campus, Dr. John H. Stibbs doing his work in student life, and Coaches Frnka and Wells doing such splendid jobs. We the editors, pay humble tribute to these men, and in the name of the JAMBALAYA thank them for their help to the Tulane Student Body.

The 1950 Jamb business staff, through the industry and initiative of many cooperating students, raised more money in advertising sales than has ever been raised by any previous staff. Relying upon an efficient office staff under the direction of Office Manager "Smiley" Martin, Advertising Manager Tom Ryan led a hard-working sales staff through many a difficult sales campaign, ably assisted by Assistant Ad Manager Patsy Weil, to a record-breaking peak.

The organizations manager, Ronald Sturtz, who is also one of the campus' leading publications experts, engineered the sale and allocation of space to all organizations on the campus. With a staff of competent student personnel, Sturtz completed his job very effectively in one semester, and assisted the editorial and advertising staffs to expedite their work.

ASHWORTH, MCBRIDE NAME NEW STAFF

September 20, 1949—Edgar Ashworth, Jr., editor of the "Tulane Hullabaloo," and Tom McBride, business manager, have appointed their 1949-1950 staff.

The big editorial jobs will be filled by Bill Jenkins as associate editor, Jack Owens as news editor, Charles Raymond as copy editor, Al Perry as sports editor, Bill Conery as assistant sports editor, Rosita Garcia as society editor, M. D. Sapp as intercollegiate editor, Bob Smith as reviewing editor, Clyde McLean as feature editor, Hugh Oliver as columnist, and Ronald Sturtz as poll conductor. Cartoons will be handled by George Nelson, Dick Fields and Tom Beal.

Editorial assistants will include: Pat Truog, Brewer Pence, Adrien Aitkens, Rene Daussin, Buddy Rodrigue, Ann Hahn, Ann Williams, Marilyn Weiss, Hans Feibelmann, and Carl Schumacher.

Reporters appointed are Robert Leidenheimer, Andrew Mays, Frank Tornabene, George Winn, Louis Rosner, Mel Opatowsky, Juan Velasco, Jack Wormser, Louis Vergne, Betty Kiralfy, and Al Lottinger.

McBride will be aided on the business end by circulation Manager Jack Conroy, Business assistant Larry Hennessy and Janet Scharf, circulation assistants Loretta Lowey, Joy Reinganum, Marilyn Rosenberg, Jack Ponder, Frank Stith, and John Phillips.

HULLABALOO STAFF REORGANIZED

November 10, 1949—A reorganization of the "Hullabaloo" staff has been effected, announced Edgar Ashworth, Jr., editor.

Jack Owens, formerly news editor, and Charles Raymond, formerly copy editor, have both been promoted to the newly created rank of associate editor.

Clyde McLean will take over as news editor, Bob Smith as copy editor. Rene Mendlovitz will succeed M. D. Snapp as intercollegiate editor. Adrien Aitkens has been named assistant news editor, while Patricia Truog has been given the post of assistant copy editor. Newly appointed reviewing editor is Andrew Mays.

Lurilla Harris, Myron Eichler and Donald Ray are three new editorial assistants.

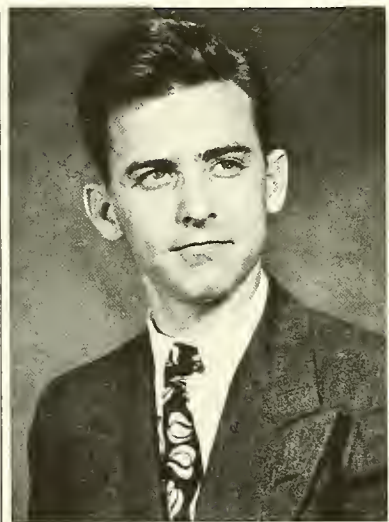

Business Manager Tom McBride has promoted Gerald Schwark to assistant business manager.

"OOLABALLUH" IS RIOT OF THE YEAR

April 2, 1950—The "Tulane Hullabaloo" became the Oolaballuh yesterday as the paper switched to humor in celebration of April Fool's Day.

Editors Elise Mitchell, Mary Krebs, Conrad Smith, and Dick Hart put out an edition full of color, notority, pictures, and TISSUE.

Rumor hath it that this was the best edition of the year.

HULLA RECEIVES 7TH ALL-AMERICAN

May 8, 1950—The "Hullabaloo" received its seventh consecutive All-American award from the Associate Collegiate Press this semester.

The "Hullabaloo" received 960 points out of a possible 1000 on the ACP rating scale, which judge news values, writing and editing, headlines and makeup, and departments and special features.

Only five other newspapers in the "Hullabaloo's" classification received an All-American rating.

CONRAD SMITH NAMED NEW EDITOR

June 8, 1950—Editor of the "Hullabaloo" for 1950-1951 will be Conrad Smith, senior journalism major, the Publication Board announced recently.

Smith has been on the staff of the "Hullabaloo" for over two years, most recently as assistant copy editor. He was also co-editor of the widely acclaimed April Fool issue.

Others who tried out for the position of the editorship included: Mary Krebs, Dick Hart, and Elise Mitchell.

1949-50 AS THE HULLABALOO SAW IT

Excerpts from the Editorial Pages of the Tulane Hullabaloo

October 6 . . . With regret we accept the inevitable and approve the recommendation of the Student Council to publish the names of honor system violators . . . we hope that this measure will detour potential violators and therefore have to be exercised very little . . . **October 13** . . . The return of a semblance of orderly conduct at the movies in McAlister Auditorium last weekend was heartening . . . it might seem facetious to congratulate college students for behaving as gentlemen, but in view of the examples of rudeness during movies in the past, we think that praise is called for . . . **October 20** . . . Notre Dame's Frank Leahy has a theory about how many players take the field in a football game. He says that it takes twelve men to win. He sends eleven onto the field and leaves it up to the students to keep that other "man"—the rooters in the stands and on the campus—encouraging and supporting the first eleven . . . we believe that the Greenies were outnumbered Saturday: Tulane had eleven good men on the field, but Notre Dame had twelve . . . **November 10** . . . A.D. 1950 will be remembered as an important year in university history. It will be the year that construction was first started on units of a large-scale Tulane dormitory housing program . . . **December 1** . . . This week, the aftermath of the LSU game, it became increasingly plain that there exists on the Tulane campus a relative lack of school spirit . . . we face a great challenge: every student, from the hoariest upperclassman to the freshman wettest behind the ears, must take part in a rebirth of ardor, or else Tulane spirit will inevitably die a slow death . . . **December 15** . . . Dr. Kieffer has succeeded in smearing Tulane's name and creating an impression in the minds of many—an impression that must be removed . . . we call upon Dr. Kieffer to announce the names of any Communistic professors . . . Who are they? What is their organization? If Dr. Kieffer doesn't do this, he stands self-convicted

of dealing us all a hard kick . . . **January 5** . . . Tulane needs a centrally located Student Union Building. The present Student Center has neither adequate space nor enough equipment to provide for the needs of a student population in excess of 6,500 . . . **January 12** . . . A couple of years ago it was no task at all to get a ticket for a Tulane basketball game . . . now, if we want a ticket, we have to hike over to the stadium and back . . . a more practical location for the ticket office is a must . . . **February 9** . . . Another slam at fraternities this month—this time by Mrs. Glenn Frank, widow of the former president of the University of Wisconsin, in an article, "Citadels of Snobbery," in this month's Pageant magazine . . . she failed to emphasize the high ideals and good works of fraternities and sororities . . . at Tulane we have seen few instances of snobbery, undemocratic or un-American action on the part of her fraternities and sororities. Instead they are an important part of student life . . . **February 18** . . . The Hullabaloo takes pride once again in advocating New Orleans' grandest and most distinctive tradition—the wearing of a mask on Mardi Gras day . . . we commend those student groups that are decorating trucks which will follow the Rex parade Tuesday morning . . . and we urge every student to abandon his studies for a day to don a mask and costume . . . **March 2** . . . At its third convention this week, the Student Federation of Louisiana Colleges and Universities will have arrived at a crucial point . . . should SFLCU fail to accomplish anything that will make students aware and appreciative of its existence, it will be relegated to the role of just another organization . . . the Federation has to choose between real and written existence . . . **March 9** . . . "Happy birthday" to Carnival, Tulane's literary magazine . . . when its first issue appeared last May, a long-felt gap in the structure of student activities was filled . . . it seems to be here to stay . . . **March 16** . . . From all reports, the best Campus Nite in many years hit Tulane Saturday, but an estimated 400 persons were turned away from the already overflowing Dixon Hall . . . why wasn't Campus Nite given at McAlister? . . . maybe someone who wanted to see Campus Nite will never get the chance . . . we wouldn't want that to happen . . . Campus Nite was too enjoyable . . . **March 23** . . . If a student doesn't vote, he is a nonentity in student government, and

has no basis for criticizing any actions of the Student Council . . . how can he chastise the representatives for failing to meet their obligation to him when he has failed them? . . . now is the time for each student to survey the candidates, find out their qualifications, check their platforms and then vote in three officers whom he thinks will run things the way he likes them run . . . **March 30** . . . Tomorrow's election sees the end of the middleman: for the first time in the history of the University, the student has a direct voice in electing his president . . . the turn-out will be an index of the student body's interest in a good old American ideal that thinking people have guarded jealously for centuries . . . Abe Lincoln christened it—government by the people . . . **April 13** . . . The fast-buck boys have finally run up against an imposing obstacle to their recent "successes" in the Vieux Carre . . . that obstacle is an enraged citizenry . . . the opportunity is certainly here for the honest club-owners and operators in French town to form the vanguard of a clean-up corps down there . . . **April 20** . . .

Saturday the Student Council closed its doors to interested students when reaching the decision to invalidate the recent election . . . the council had no right to do so . . . an oversight? . . . **April 27** . . . This is the last semester for James M. Robert, dean of the College of Engineering . . . he has served Tulane faithfully for 44 years . . . no longer will new students hear his fatherly advice that "there is no mystery in engineering" . . . his philosophy held that the answers were there for anyone who would search for them . . . **May 4** . . . Tulane needs something more than a weekly paper . . . under present circumstances, the Hullabaloo cannot adequately serve the purposes of Tulane's student body . . . many other universities, having little more claim to greatness than Tulane, publish student dailies . . . if Tulane can't be on the list with Harvard, Yale, Columbia, California, Baylor, Michigan, Missouri, Virginia and L.S.U., all of whom publish fine college dailies, can't the student body here try at least to publish something more than a weekly tabloid? —Charles Ramond.

Greenbackers is an organization devoted to the promotion of school spirit and activities. Each year the group plans and directs pep rallies, bonfires, shirt tail parades, and so forth. Among the events of the past year were: a "Meet the Team" party at McAlister Auditorium, a Christmas party in the football dormitory and send-offs for the team as the boys left for out-of-town games. The members of Greenbackers assist in the orientation program by selling freshman caps and in organizing the freshman cheering section for the home football games.

CHEERLEADERS

The Cheerleaders, this year had their best year in terms of co-operation of the student body. Tulane's spirit began to arrive at the first football game and continually grew largely due to the help

of the athletes who this year fought hard in every game that they played.

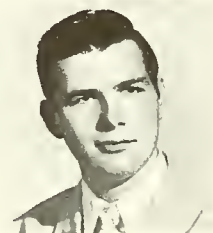

Tulane was proud of these men and found it easy to cheer for them and consequently did cheer with all their might.

Fog-horn voiced Rudy Eason and cute li'l Tinky Thibaut were head and assistant cheerleaders. Pete Roux and Frank McDonald flip-flopped in a professional manner to help make the squad have a sharper crew. Don Harris and Jackie Vizzini contributed much to the new yellis and last, but not least, Edie Harris from Tennessee kept the squad in a constant dither with her southern drawl.

The Tulane University Band draws its membership, during the football season, from the men students of the University. During the concert season membership is open to women students as well. The Band performs at all home football games and is noted for its intricate and interesting "Half-time Shows." Its theme song, "Way Down Yonder," is a forerunner for much of the popular swing music played at each game—both in the stands and on the field.

The Band Spring Concert is an annual event scheduled for the first week in May. This year the concert was given on three successive nights to accommodate the large and enthusiastic audiences.

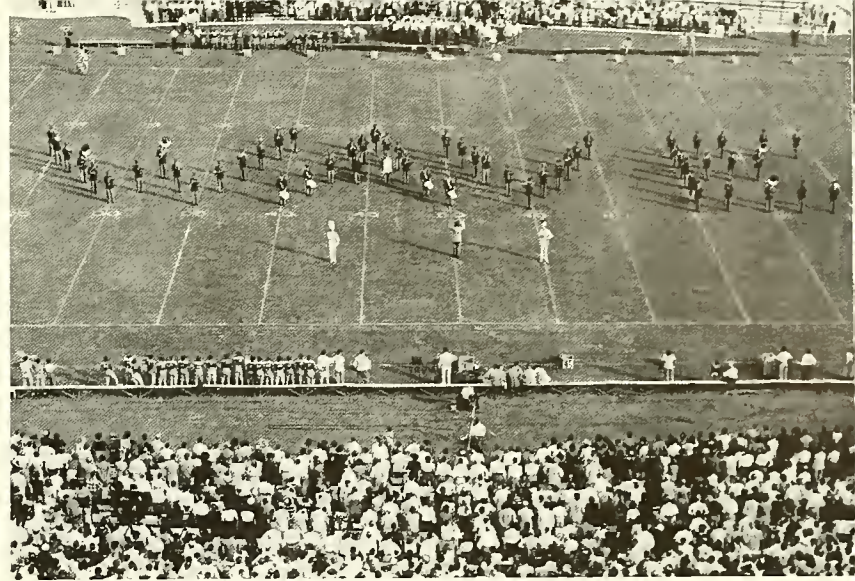

A Spring Concert Tour is a yearly planned feature of the Band's activities. During the concert season the Band plays music ranging from Bach to Gershwin.

CAMPUS NIGHT: SUCCESS STORY

This year's series of Campus Nights under the direction of Wynne Pearce, Jr., piled up a record of one success after another. Pearce won hearty congratulations for his skillful use of student talent in producing three well-staged, well-directed and highly entertaining shows.

The first show was the bright spot of the bleak Fall Registration week. Even before school had actually begun Pearce had combined songs, laughs, and pretty girls to produce an excellent show. Jack Dabdoub was at his best in a black-face number. Red Watson, hit of last year's Campus Night, scored another success with "Coffee Time." Providing excellent comedy was the director, Pearce, with his inimitable monologues "Romeo and Juliet" and "Macbeth" both done in the "light" manner. Excellent jokes made such scenes as the discussion between the pinkish professor and the not-too-bright freshman favorites with the audience. The enthusiasm of the cast and the freshness and imagination evident in the staging promised even better things to come.

The promise was fulfilled in March, when the smash hit "Dig Your Own Grave" was presented in Dixon Hall. This show, an original musical comedy with script, words, music and choreography by Tulane and Newcomb stu-

But, where's the other end?

Hey, Louie, you kill dat cockroach yet!

dents, surpassed all previous Campus Night performances in spectator appeal. Playing to a packed house, the cast gave such an excellent performance that they repeated the show three weeks later in Dixon Hall and hit the road to Baton Rouge to draw rave notices from critical L. S. U. spectators.

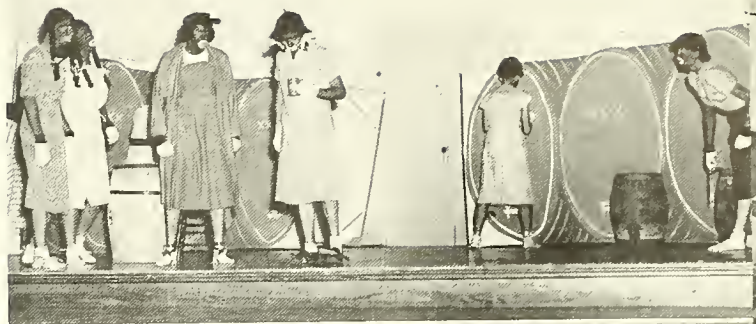

"Dig Your Own Grave" though full of digs, was anything but grave, as the laughter of delighted audiences proved. Following the alternately bored, alternately frantic antics of Detective Sam Shovel, played in an admirably sneering manner by Ed Nelson, his scatter-brained secretary, Effie (Jere Johnson), a shell-shocked sailor (Joe Ross) who followed pretty Mary Lou Soudain around when not in a trance brought on by the words "Twenty-four hundred," the audience found itself on a cross country tour. The scene quickly shifted from Shovel's corpse-ridden office to a bar "somewhere in the French Quarter." Pearce evoked hearty laughter with his imitation of a dyspomanic searching for her husband who had "started drinking again," before the doughty Shovel was slipped a Mickey by wicked-looking Kit Landon. Shovel, recovering from his potent cocktail, and his cronies continued the search for the murderer of the neglected corpse in his office. In Mexico, they found brief diversion in watching a colorful Paso Doble, choreographed and danced by Trudy Miangolarra and Louis Vergne. Falling again into the hands of evil companions, the scene changed to an opium den. The choreography of this ballet by Trudy

First, take a firm grip on the brush . . .

Wanna bet?

Miangolarra and its performance by Trudy and Pat May, combined with its almost professional staging, lighting, and execution made this one of the most popular scenes of the whole show. Ending up at a ranch "Way Out West," our bungling but never-daunted hero solved the mystery.

Such a show as "Dig Your Own Grave" indicates that Tulane has the talent and the ambition to produce first-class amateur comedies that are something more than a campus-wide talent night. Its success from a spectator as well as participant's point of view was due to several factors. Aside from enjoying the unexpected throughout the show, it was observed that on the whole the production could not be compared with other performances of its kind by amateur or professional groups, and spectators were left with the feeling of having seen something different—something for the first time. The reaction of the participants without exception to playing some part in the production of an original show was that of contributing something appreciated by others which they themselves could call their own.

Credit belongs to Wynne Pearce, who directed the rehearsals, lost a few night's sleep over the script, and who successfully assigned leadership responsibilities throughout the organization, which paid off in the form of cooperation and coordination of effort, respect for talents, and a total feeling of accomplishment, whatever the individual contribution. Credit also belongs to the song writers, Segal, Baggett, Pearce, and Einar Pedersen, whose music and lyrics added the intangible spark of originality and freshness that made the show worth seeing more than once. The originality of the show was a challenge to the numerous committees, such as the stage crew under Frank Cannon, who fought the battle of purchase orders to produce some remarkable sets. Finally, the integration of creative ideas and efforts by the unseen crews and committees was polished off and presented to the office by tireless cast.

Einar Pedersen, Assistant to the Director of Student Life, added more than music for several songs to the show. His calm, friendly advice and constant presence and encouragement provided the inspiration that such a large-scale student production needs to progress past the embryo stage. With such encouragement and with the enthusiasm for such performances greatly stimulated during the past year, the Campus Night organization looks with eager anticipation toward a tremendous growth and greater achievements in years to come.

TULANE UNIVERSITY THEATRE

DIRECTOR MONROE LIPPMAN

TUT 3-PLAY PROGRAM CHARMING, HAD VARIETY THOUGH CROWD SMALL

Tulane University Theatre gave a characteristically enthusiastic production to its three-play program of Friday and Saturday nights.

The most striking aspect of the presentation proved to be the imaginative sets, particularly those for "Moonshine" and "The Valiant."

Charles Hinrichs' set for "Moonshine" created the atmosphere of a mountaineer's cabin effectively with an outline back and a few typical props.

The main charm of the plays lay in their variety. There was "The Valiant," a tense thing concerning a man's last hours before execution; "Moonshine," a short farcical piece; and Chekhov's "The Boor," a boots and beards

Russian costume play. But the program could have been more wisely staged in the intimacy of the smaller theatre workshop. Lines were frequently obscured by a hollow ring in the Dixon auditorium. Unfortunately the audience was so scattered that it could easily have been fitted into a smaller house.

The cast of "The Valiant" was the smoothest. Bill Remington, Charles Gray, and William Hatten are players of a good deal more experience than members of the other two casts. While I don't think a heavy part is exactly Hatten's meat, he did very well by it.

Byron Sigler and Bruce MacArthur took the only two parts in "Moonshine." The latter made an amusing effort in the dialect role of the gangling mountaineer. Ed Chadick played the boor in "The Boor" like a bear. He attacked the part with a youthful vim that was sometimes ear-shattering. The play capitalized on the disparity of height between Chadick's boor and Louis Rosner as the scurrying servant.

Oh, Bill, your etchings

Queer looking—picture

Oh, terror!

TUT CAST HAS A JOLLY TIME ROMPING THRU "CANDLELIGHT"

The Tulane University Theatre players bounced through a bit of froth called "Candlelight" last Friday night, apparently having as jolly a time as did the audience. The "half-arena" staging blotted out the footlight line between audience and actors, creating such intimacy that spectators were tempted to enter right into the play.

This piece of nonsense by Siegfried Geyer runs in the tried-and-trusty mistaken identity formula. A double switch here finds the Prince Rudolf and his latest Baroness serving her maid Marie and his valet Josef. The

humor, aside from the situation, is mainly in the fast give and take of cracks like any radio comedy show.

Edward Baldwin was good as the debonaire prince, William Hatten better as Josef, and Al Shea best as a waiter. Hatten, as the valet who was "prince for a night," lost none of his aplomb at a sticking exit door in the first act; he saved it to lose at the spot in his role in which he is discovered playing prince by the real Rudolf. But when Al Shea fluttered on in the minute part of the waiter late in the play, his peculiar brand of zaniness set off the most laughs of the night.

I am sure that the women in the play do more convincing acting on their Saturday night dates. But Alice Kock as Marie, Jodie Von Ehren, the Baroness, and Lynn Dorsen, Liserl, are handsome one and all, and more than adequately filled a series of handsome gowns, which is enough for the purposes of this play.

The Tulane Alumni Association is a national organization which has become a salient factor in the progress of one of the South's oldest and greatest universities. Through it each alumnus is given an opportunity to serve and assist in the progress of the University. There are no membership dues, and all students upon leaving the University are entitled to membership in the Alumni Association. Records are kept on the activities of all alumni and efforts are made at all times to keep in contact with the former students. One means of achieving this is through the medium of the "Tulanian," alumni publication which contains news of the Univer-

sity and alumni. This magazine is sent to all graduates and former students for whom the office has correct mailing addresses.

A representative from the Association welcomes each graduating class at Commencement. Active local alumni clubs have been organized in many parts of the United States and elsewhere.

Each year the alumni sponsors Homecoming, a celebration which brings many grads back to the campus for reunions and other activities. On May tenth, the birthdate of Paul Tulane, alumni meetings are held throughout the country and a memorial service is held in Princeton, New Jersey.

The Tulane Alumni Fund, Organized four years ago, is conducted by Class Agents and other representatives of the Association. The Fund has grown each year and is now of real value to the University's financial program.

LOUISIANA FEDERATION OF COLLEGES AND UNIVERSITIES

The "SFLCU," composed of some 30,000 students in the student bodies of eight member colleges throughout Louisiana, was organized about a year ago at a constitutional convention attended and originated by the student body representatives from Tulane, Northwestern State College, LSU and Southeastern Louisiana College.

JACK JONES

With a purpose of bringing the students of Louisiana institutions of higher education into closer contact and cooperation, the Federation functions through sub-committees on publications, loan funds, academic freedom, instruction evaluation, and many other areas of student life.

Headed by an Executive Committee composed of the four executive officers and one representative from each member school, the Federation has within its first year of operation made its influence known and felt by the public of the state.

Two general conventions are held each school year, attended by three delegates, three alternates and a greater but varying number of observers from each member school. These conventions are the clearing house for all Federation business. Here new projects are introduced, committee and sub-committee reports are heard and debated on the floor of the assembly, and plans are made for future activity.

Founded at New York University, School of Commerce, Accounts and Finance, on November 7, 1907, Delta Sigma Pi is a professional fraternity organized to foster the study of business in universities; to encourage scholarship, social activity and the association of students for their mutual advancement by research and practice; to promote closer affiliation between the commercial world and students of commerce; and to further a high standard of commercial ethics and culture, and the civic and commercial welfare of the community.

Gamma Mu Chapter at Tulane was founded by Paul F. Dastugue, Jr. and installed on December 4, 1949. With bi-weekly business meetings, the Tulane chapter sponsors regular luncheons and dinners with prominent speakers from the New Orleans business world, industrial tours, and an annual Rose of Delta Sig presented at the annual Masquerade Ball in celebration of Mardi Gras. Delta Sigma Pi is also active in special research projects and any school sponsored activities. It also sponsors a semi-annual Commerce Queen who is presented with a gold loving cup at the semi-annual Commerce Dance.

NEWCOMB PAN-HELLENIC

The Pan-Hellenic Council represents the co-operation and harmony maintained by the sororities in guarding their college's ideals and better serving their college community.

The Council is the governing body of the eleven sororities on Newcomb's campus: it is composed of two representatives from each sorority.

Sorority Skit Night again was outstanding on the entertainment program. The talent and ideas originated within each sorority and were most cleverly presented much to the pleasure of the entire University. A cup was awarded to Beta Sigma Omicron, the sorority which produced the best skit.

During second semester the annual Scholarship Banquet was held honoring the pledge and active members of each sorority who led their group in scholarship.

ALPHA DELTA PI

On November 10, 1904 Epsilon chapter of Alpha Delta Pi was installed at Newcomb College. It is the oldest of womens secret sororities. On May 15, 1851, a group of women gathered together at Wesleyan College in Macon, Georgia with the hope of establishing an organization of high ideals and standards. From this common interest grew Alpha Delta Pi.

Epsilon chapter has been "fine in forty-nine," and fifty has been a booming year also. The year began with a weekly open house at the sorority rooms preceding each home football game. One Sunday, bright and early, the ADPi's and their dates took off to Gulfport for an all day picnic which proved to be a lot of fun for all. The Winter formal was one of the first and best of the year. The social calendar was well filled with barbecues, weiner roasts, and other gay affairs.

The BWOC's in the chapter include Jackie Vizzinni, cheerleader, and Marilyn Woodward, President of the Newcomb Glee Club. We were active in TUT productions as well as other organizations on the campus.

ALPHA EPSILON PHI

The letters "A. E. Phi," set with pearls and standing side by side, form the pin of Alpha Epsilon Phi. This pin, together with the colors, green and white, and the flower (lily-of-the-valley), and the jewel (pearl) compose the insignia of Alpha Epsilon Phi. Phi was founded October 24, 1909, at New York's Barnard College; seven years later, on December 24, 1916, Epsilon chapter came to Newcomb, taking its place as the third oldest active chapter in the country.

ALPHA OMICRON PI

Alpha Omicron Pi was founded at Barnard College, January 2, 1897, and the following year Pi, now the oldest active chapter, was established at Newcomb. The pin, composed of the letters "AOPi," the color cardinal; the ruby, and the Jacqueminot Rose have been important symbols of the sorority.

Through the years AOPi has played an important part on the Newcomb campus with its Student Government officers, Beauty Queens, and members of Phi Beta Kappa, Alpha Sigma Sigma, and Assets. This year has been no exception. AOPi is especially proud of Ann Brodie, Vice-President of the Newcomb Student Body, Dora Martin, Newcomb editor for the JAMBALAYA, and Ann Colebeck, who served as president of the Forum.

The social calendar for this year has been highlighted by a houseparty at Gulfport in the fall; the Pledge, Founder's Day, and Senior Banquets; and the Spring Formal in March. Aside from the many social activities AOPi has busied itself with many philanthropic works, including baskets of clothing for Kentucky Mountain children and playing Santa Claus for two poor families in New Orleans.

BETA SIGMA OMICRON

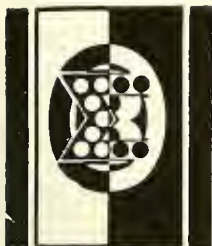

Founded nationally in 1888, Beta Sigma Omicron came to Newcomb as Alpha Sigma Chapter in 1929. Our colors are ruby and pink, our flower, the Killarney and Richmond roses.

The officers are President, Catherine Naef; Vice-President, Nat Roeling; Secretary, Jane Lee Luft; Treasurer, Marion Romaine; and Pledge Trainer, Mary Durland Sapp.

The pledges, under the leadership of Sherry Bunton, President, and Annette Ruckstuhl, Secretary, started things rolling in the fall with a party by and for the pledges: a French Market shindig, complete with coffee and doughnuts. We celebrated at many planned and impromptu get-togethers during the year.

Our formal in March was a red-letter day for all of us, and the Easter holidays were notable for our house party across the lake.

We are proud to count among our ranks Honor Board President Roeling; the Recording Secretary of Student Body, Janet Levy; and the President of Warren House, Catherine Naef.

CHI OMEGA

This year marks the golden anniversary of the founding of Rho chapter of Chi Omega on the Newcomb campus in 1900. Naturally the banquet celebrating the event has been the favorite topic of the Chi O's this year.

However, Chi Omega is equally proud of its members today as it was of its charter members fifty years ago. The Chi O's are well represented in the Student Council, Dormitory Council, Honor Board, and class officers. They also take an active part in campus clubs such as the Glee Club, A Cappella Choir, swimming club, and Beta Beta Beta. Several have made the Dean's List, and two members are represented in Who's Who.

As for social activities, the Chi O's enjoy bi-monthly suppers in their newly decorated rooms, parties given by the alumnae and pledges, and their annual formal, which to Chi O's is the most important social occasion of the year.

DELTA ZETA

Delta Zeta was founded at Miami University in Oxford, Ohio on October 24, 1902 and has since established chapters at all the outstanding accredited college campuses. The Newcomb chapter, having been founded as a chapter of Beta Phi Alpha in 1928, became the Beta Upsilon of Delta Zeta when the two national sororities merged in 1941.

The Delta Zeta colors are old rose and vieux green; the flower, the Kilarney rose; and the pin, the Roman lamp.

On the social calendar, the Delta Zeta's place among the most-looked-forward-to occasions the annual Rose Formal in the Spring, house parties, pre-game get-togethers, and last, but not least, the Founder's Day Banquet in October. Officers are: Anna Bartels, President; Mary Jane Carr, Vice-President; Mitzie Evans, 2nd Vice-President; Norma Kirchberg, Recording Secretary; Jackie Rauch, Corresponding Secretary; Vilma Grosz, Treasurer; Diede Maraist, Historian.

KAPPA KAPPA GAMMA

Our new school year started off with the usual trials and worries of Orientation and Rush Week, but as usual Kappa survived with unexpected success. We were very pleased to have pledged a wonderful group of girls. Thus far, our forty-fifth year on campus was in our favor and it continued to be so.

The Mother's Club kept us well fed every Wednesday and the girls enjoyed the opportunity of being with each other. The social calendar was filled for the year by the formal in April, a picnic in the fall at Tinky Thibaut's plantation home, Madewood, the Beta Omicron Founders Day banquet was held on May 15 at the Country Club. This year we also had a wonderful house party with our sisters from L.S.U. in spite of the great school rivalry.

We are proud of the enthusiasm that the Kappas have shown in campus activities. We hope they will continue to do so in the years to come. The names of Lanier Allingham, Renee Aubrey, "Issie" Gardner, and Tinky Thibaut are familiar to many a Newcomb student.

Our colors are the two blues, light and dark; the pin is the little golden key. Beta Omicron chapter of Kappa Kappa Gamma was installed at Newcomb on May 11, 1904.

The officers are: Virginia Frederic, President; Lanier Allingham, Vice-President; Lucy Barrett, Secretary; Natalie Gessner, Treasurer.

KAPPA ALPHA THETA

Kappa Alpha Theta was founded at Indiana Asbury College (DePauw University) in 1870. It was the first fraternity for women to bear a Greek letter name. The colors are black and gold, and its flower is the pansy. One of its sixty-seven chapters, Alpha Phi, was established at Newcomb on May 16, 1914.

Rush season was very successful. It was followed by a rip-roaring houseparty on the Gulf Coast. In November Thanksgiving baskets were filled, and the annual Katsup Party was given by the pledges. The theme of the affair was a "Pauper Party," but nevertheless, the members were well-fed. The wonderful Theta mothers entertained with a supper for the members and dates in December. Alpha Phi also played Santa Claus for the orphans with a party. In March the gay whirl was climaxed by the spring formal.

Among our most outstanding girls is Dodie Brisbi, chapter president, who was elected a Campus Favorite last year. Susie Smith has her share of honors. She is president of the Athletic Association, and elected to Who's Who. Phalie Evans is Newcomb editor of the "Surf," and Babs Bartlett, a pledge, was elected secretary of the freshman class.

Founded in 1852 at Wesleyan College in Macon, Georgia, Phi Mu is the second oldest sorority in the country. Delta chapter came to Newcomb in 1906. The flower is the Enchantress carnation and the colors are rose and white.

Highlights of the year included the re-decoration of the rooms, the flapper rush party; complete with style show and "flapper flashbacks," the football game with the Thetas, the University Chest Carnival in which we won the cup for the most novel booth and collected the second largest amount of money. Of course, the annual winter formal was the biggest occasion for all of us.

In the campus limelight were Gayle Mackenroth, Maid in Saint Patricia's Court; and Shirley Haddock, who was selected as one of the Pledge Pinups.

PI BETA PHI

Pi Beta Phi was founded at Monmouth College and dates back to 1867. The Louisiana Alpha chapter was founded at Newcomb in 1891. Pi Phi's colors are wine and silver blue; the flower is the white carnation.

Louisiana Alpha is well represented in Campus activities. The Pi Phi's have a hand in nearly every organization on campus. Pi Phi is proud of the school officers in the chapter, such as Kitten McGee, President of the Resident Student Body and Queen of the Homecoming Court, Elizabeth Cook, Treasurer of the Student Body and elected to Who's Who, Pineapple Williamson, of Lagniappes, Joel Wolfe, President of the Swimming Club, as they are of the "Beauties," such as Scootie Day, Sue Storrs, Marion Andrus, and Violet Whitehead.

Before rush week this year, the Mother's Club and the active chapter got together and the Pi Phi house was completely redone. Lots of soap and water, new paint, new curtains and a coke machine completed the transformation. After rush week there was a banquet at Arnaud's for pledges, actives, and alumni; before the holidays, a big Christmas party complete with carols and Santa Claus; in February, our Founder's day banquet; and in April, climaxing the year, our spring formal.

The officers are: Norma Lewis, President; Effie Stockton, Vice-President; Barbara Bizzell, Corresponding Secretary; Helen Ann Garrett, Recording Secretary; Joel Wolfe, Treasurer.

First Row: Marion Andrus, Barbara Bizzell, Ann Bridges, Barbara Brogan, Laura Burks.

ZETA TAU ALPHA

Zeta Tau Alpha was founded at Virginia State Normal College, Farmville, Virginia, on October 15, 1898, the first woman's fraternity to be chartered by a special act of the legislature. Beta Kappa chapter was established at Newcomb College in 1927.

Since that time the members of Beta Kappa have taken an active part in all phases of campus life. Among the outstanding Zetas are: Norma Clesi, President of the Newcomb Pan-Hellenic Council; Ruby Crosby, President of the School of Social Work, a Jamb "beauty," and a member of the Homecoming Court; Virginia Provost, member of Phi Sigma Iota and vice-president of La Tertulia; Debby Berry, Treasurer of La Tertulia. Zeta also has its share of active members in other campus organizations.

Beta Kappa also had the distinction of having the highest scholastic average of all sororities on campus both semesters last year. Helping to achieve this honor was Anna Frances Jones, Phi Beta Kappa.

A busy social calendar included the Founders' Day banquet, Spring Formal, Christmas Party, and a Barn Dance, as well as numerous coke parties and suppers in the rooms.

Zeta Tau Alpha's colors are turquoise blue and steel gray; its flower is the white violet.

The officers are: Sally James, President; Deborah Berry, Vice-President; Margaret Spengler, Secretary; Virginia, Treasurer; Hildred Runion, Historian.

First Row: Deborah Berry, Elyrae Carroll, Norma Clesi.

Second Row: Ruby Crosby, Adele Edwards, Sally James.

T U L A N E P A N - H E L L E N I C

The Tulane Pan-Hellenic Council serves as a governing board for the seventeen fraternities on the campus.

Guided by Dr. Karlem Riess, as faculty advisor, the Council again supervised the keen scholastic and athletic competition for the coveted Pan-Hellenic Trophy.

In addition to the social highlight of the annual Pan-Hellenic formal, the fraternities through the Council, gives an annual fellowship awarded to a worthy student for graduate work in medicine.

The Council consists of the Judicial Committee, composed of Leonard Bagleman (S A M), Robert Boudreau (S A E), C. Bayless Conley (Phi Delta Theta), and Alfred Lewis (D K E), and the Athletic Committee composed of David Conroy (A T O), Voss Cooksey (K A), Jack Lohman (Phi Kappa Sigma), and Louis Magee (Sigma Chi).

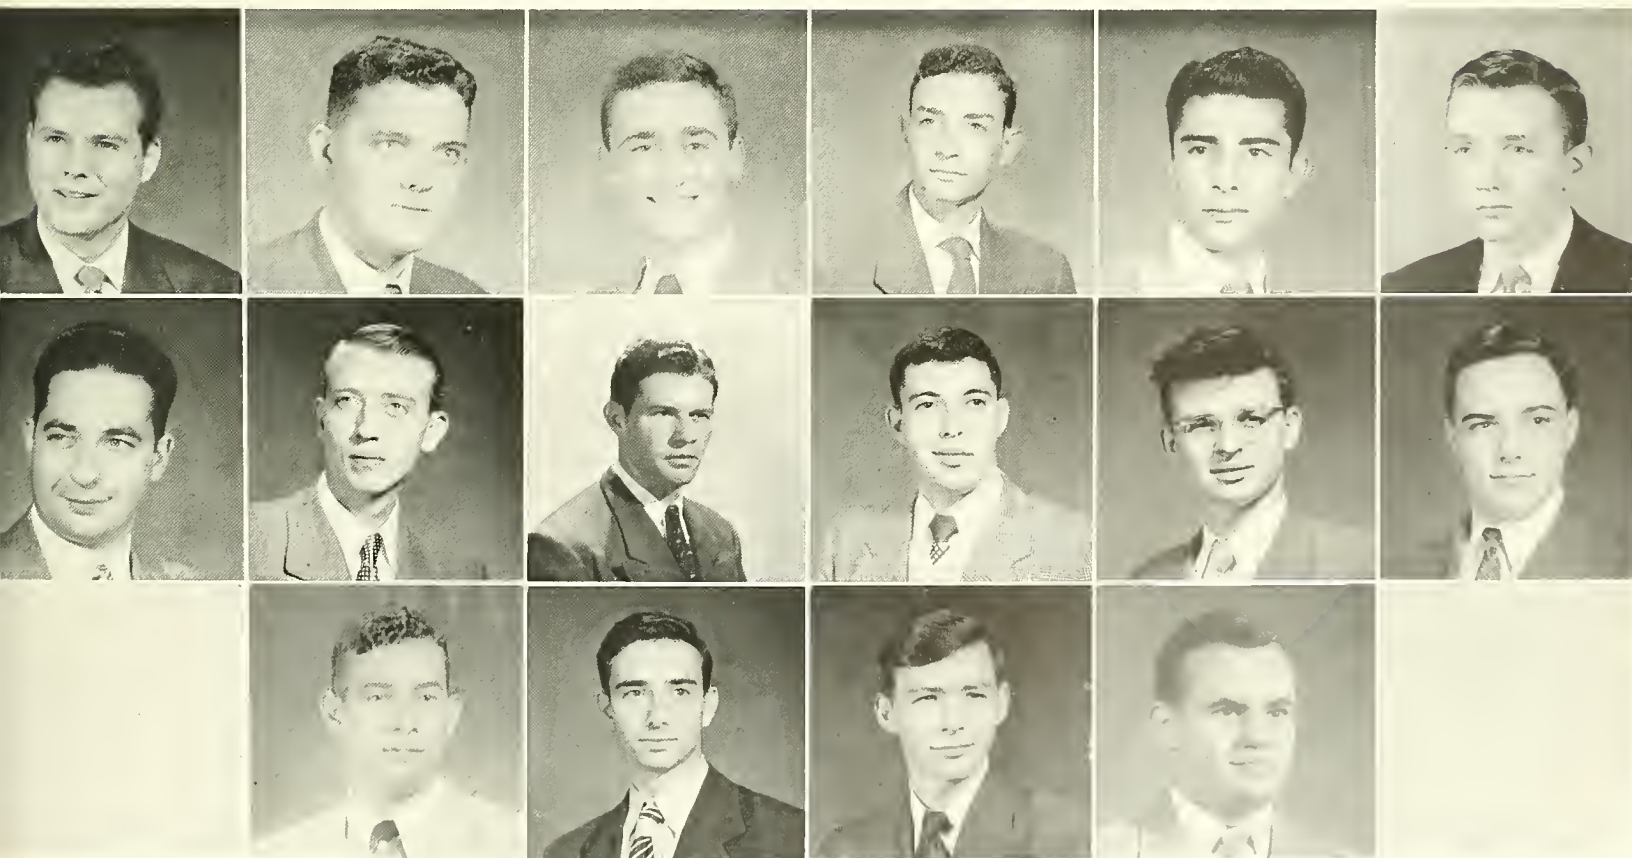

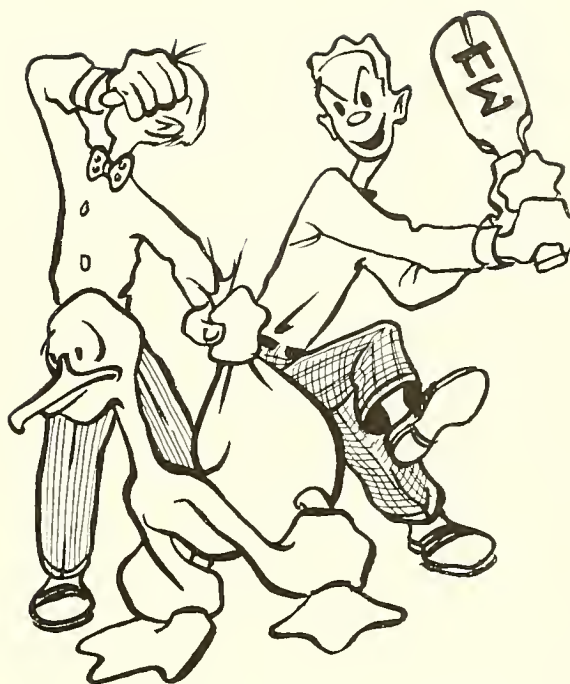

Robert Lagarde (Beta Theta Pi) served as Chairman of the Council and of both committees and Leo S. Roos (Z B T) served as Secretary-Treasurer and voting member of both committees.

First Row: Al Binder, Bob Boudreau, Dave Conroy, Julian Good, Dave Levine, Alfred Lewis.

ALPHA TAU OMEGA

Alpha Tau Omega was founded at the Virginia Military Institute in 1865, and in 1887, Louisiana Beta Chapter was founded at Tulane. The fraternity colors are Old Gold and White, and the fraternity flower is the White Tea Rose.

David Conroy is boss of the outfit with the title of "Worthy Master"; Worthy Keeper of Exchequer is Jim Humphreys (he is always bothering someone for money); Gordon Collins takes the minutes at the meetings; Art Naquin is the Veep, Don Ludenbacher is Usher, and Marshall Blanchard is Sentinel.

The ATO's are most notoriously noted for their "Sneaky Pete Parties" along with many other things. Any casual passerby will no doubt be shocked by the delicate songs being wafted through the open windows on Saturday nights, and the delicate members wafted through the doors.

BETA THETA PI

The Betas, long known as the "Hungry Greeks" because of that wolf-like look they acquire while staring at the Newcomb girls in the nearby sorority rooms, enjoyed a highly successful year on Tulane's campus.

The chapter was led this year by the capable efforts of John "Dewey" Jackson, who was assisted in his job by "Ole Man" Rivers LeLong.

In the social department, there were many varied parties, but it was generally agreed by all the brothers that the high point of the social season was the "Blue and White" Formal, which was held at the Country Club shortly before the end of the first semester.

There have been some changes around the house that have added materially to the comfort and enjoyment of the members, among them a redecorating job and addition of a cook and meal manager.

DELTA KAPPA EPSILON

Born at Yale University in 1844, the old Deke Lion rambled south to leave its mark on the Tulane campus in 1899. (The campus never quite recovered.)

As sleepless neighbors can attest, the Dekes are famous for their favorite pastime of roaming up and down Henry Clay Avenue at all hours singing their "Phi Marching Song." No party ends without a lusty rendition shouted at the top of the "Bonded Brothers'" voices.

Other activities range from Phi Beta Kappas (Dunbar) and Presidents of ODK (Weinmann) to drinking all of Rod's beer as fast as he can ice it.

Tommy Ellis wields the gavel, and is ably assisted in his duties by "Cavalier" Dunbar. Warren Gardner records the meetings and Jack Weinmann collects what the boys can spare from their French Quarter budget.

DELTA SIGMA PHI

Delta Sigma Phi was founded, with the 20th century, at the College of the City of New York December 10, 1899. Chi chapter was chartered on the campus of the Tulane University of Louisiana March 11, 1916. The fraternity colors are Nile green and white, and the official flower is the white carnation.

Guiding the destinies of the fraternity this year are Joe Miceli, president, and his colleagues C. B. Brewster, in charge of the parties and athletics; "Coot" Davis, who instructs the pledges; and the co-keepers of the exchequer, Don Muller and Camille Cutrone. The man who writes the letters is Oliver Dabezies, while Bob Collins dishes out the fines. Emile Kraft is the chaplain, and Jerry M. Honeycutt handles the publicity.

The Delta Sig Bayou Brawl is something of a fixture around Tulane, and never fails to excite gay spirits (or vice versa). Other annual features are the indescribable Sailor's Ball and the Winter Formal. Another source of merriment this year was the huge banquet in observation of Delta Sig's 50th birthday.

First Row: William Boeglin, Christian Bosch, Neil Cinnater, Joseph Conino.

Second Row: Paul Dastigue, Charles Fife, Earl George, Arthur Hyland.

Third Row: Wilbur Hantel, Gerald Honeycutt, Franklin Jones, Emile Krafft.

DELTA TAU DELTA

The Delta Tau Delta fraternity was founded in 1858 at Bethany College. Their colors are purple, white, and gold; their flower is the iris. This chapter began its sixtieth year on the Tulane campus by pledging 24 men. The more memorable rush-season soirees were the "Vive La France" party and the Beta Xi-clone brawl, which featured the inimitable Beta Xi-clone brew made in an asbestos-lined crock.

Another highlight of the social season was the Delt Inferno party. Over 400 guests swarmed into the Audubon Street shelter to hear Papa Celestine's jazz. The annual orphan-benefit Christmas party, the Winter Formal at the New Orleans Country Club, and the "Uptown Strutters Brawl" were also definite successes.

The fall semester saw the Delts place in 3 of the first 4 Pan-Hellenic activities, including the Homecoming Decorations event. Delt's prizewinning display was the brain-child of Hullabaloo cartoonist, Tom Beal.

KAPPA ALPHA

Founded at Washington and Lee University in 1865. Psi first tinged the Green Wave with the Crimson and Old Gold in 1886. Psi Chapter immediately established a reputation for good entertaining. This reputation is maintained by the many memorable Saturday night parties. Larger events are the Winter Formal, ruled by the Kappa Alpha Rose, and the Cotton Ball, at which a prize is awarded some fortunate young lady of particular merit.

Leading the aggregation is Parks Pedrick. Second in command is Bill Moore. The secretary is Mac Gautier.

The Mansion boasts a Confederate Militia to defend the flag against any "die-hards" who don't know that the South won the Civil War. Another feature which often prompts yells of purely intellectual joy is the unequalled view of 1037 Audubon St.

KAPPA NU

Sigma Chapter of Kappa Nu began its year in another new house—this one, the column-fronted 1013 Broadway. After a hectic period of preparation, the school year began with the usual round of rush parties. As spirit waxed and waned during the football season, the chapter managed to maintain a fairly high level of ardor with a series of weekend parties, entertainment for which was supplied by everything from wandering minstrels to highly original skits by members of the pledge class. Stags, hayrides, and barbecues rounded out the social schedule.

We look back with pride to another Kappa Nu first in March when, after a cocktail party at the Gold Room, members dates, alumni and guests danced to Lloyd Alexander's music in the Grand Ballroom of the Roosevelt.

As for vital statistics: Kappa Nu was founded at Rochester University in 1911; Sigma at Tulane in 1922. The fraternity's colors are purple and white and the flowers are appropriately orchid and gardenia. Saul Schneider, Hal Breslow, Nat Hart, Aaron Buchsbaum, and David Levine govern the group with timely interference from such old hands as Leonard Fuhrer and Warren Eisner. Gene Alters doubles as house "mother" and manager.

First Row: Simon Ball, Hal Breslow, Victor Brown, Aaron Buchsbaum.

Second Row: Stanley Goodfriend, Nathaniel Hart, Howard Hochman, Morton Kleinman.

Third Row: Albert Levitt, David Levine, Monroe Marsh, Alex Newman.

KAPPA SIGMA

Kappa Sigma started and finished the year with two very successful parties. Their winter formal, first of the season was a gala affair, and the Pirate Party, one of the best attended of the year was a memorable event to everyone especially for Miss Elsa Taylor, Pirate Princess of 1950. Backed by a spirited mother's club our house has seen many improvements. In athletics the boys on Broadway won their share of games but it was in campus activities that they really excelled. Campus Nite, school's Moot Court, JAMBALAYA, ODK, KD Ψ , all were honors gathered in by the Kappa Sigs.

Yes without a doubt Kappa Sigma is a fraternity on the Tulane Campus.

The officers are: Harold Hart, Grand Master; William Crull, Grand Procurator; Earl Campbell, Grand Master of Ceremonies; Robert Seay, Grand Scribe; Reginald Brinkman, Grand Treasurer; Richard Norris, Jack Reid, Guards.

PHI KAPPA SIGMA

Phi Kappa Sigma is now in its 100th year nationally. Founded at the University of Pennsylvania in 1850, Phi Kap arrived at Tulane in 1858, the first fraternity on the campus. With the addition of several new chapters since the war, Phi Kap now has 42 chapters in the United States and Canada. Their colors: Black and Gold. Their flower: Yellow Chrysanthemum.

The year's social activities started with a house-warming party to celebrate the remodeling of their abode at 700 Broadway. Top Brawls of the year included the Personality Party and Bowery, Plainsman Party, with the annual formal at the New Orleans Country Club climaxing the social season.

Bill Jameson is head man with Bill Allison second in command. What money there is, Jingles in the pockets of Simmie Monroe. The guard will be increased shortly after the brothers find this out. Jack Ponder records whatever Pearls of Wisdom that might be dropped at the weekly chapter conclaves, while Homer Johnson keeps the pledges under control.

PHI DELTA THETA

Phi Delta Theta was founded at Miami University in 1848, and Louisiana Alpha was founded at Tulane in 1889. The colors of the fraternity are argent and azure.

Brother Frank Stitch was a fire in the Phi Delt furnace throughout the year with Brother Joiner, Cooper, and Floyd providing plenty of spark. Credit, and much of it, too, is due Brothers Maddox and Maxwell for the splendid job they did leading the Phi Athletics in one of the best Phi Delt years. Pledges Talor, Lee, Noetzel, McVay, Shivers, and Galloway indicate Phi Delt's future eminence in Pan Hel Athletics. These boys carried the banner of the Blue and White this year in nearly all sports.

Phi Delta Theta's parties hit a new high this year. The South Sea Island party, Christmas party, and annual Spring Formal were gems of the Phi Delt "social year."

PI KAPPA ALPHA

PI KAPPA ALPHA was founded at the University of Virginia in 1868. Eta was founded at Tulane in 1878.

First semester of the 1949-50 school year at Tulane saw James Snediger commanding the Presidency with Jack Cadzow holding the money and Bobby Glen Smith taking the minutes.

Second semester Carl Kline took over the gavel and was very ably assisted by Hardy Davis as Treasurer and Gil Morgan as Secretary. In every manner Eta enjoyed one of it's most successful years. With plenty to drink, beaucoupe femmes, and an abundance of pledges, social life was fantastic. The parties started early at the Pike house and ended late in the French Quarter. Such annual affairs as the Pledge-Active party, the Dream Girl Formal, and the inimitable Fais-Do Do were even more stupendous than ever before.

SIGMA ALPHA EPSILON

Sigma Alpha Epsilon was founded at the University of Alabama on March 9, 1856. The Fraternity is symbolized by the Lion and the Goddess Minerva; its colors are purple and gold; its flower is the violet.

Louisiana Tau-Upsilon of SAE began its fifty-second year on the Tulane campus this fall by pledging twenty-one men. The chapter quickly entered into the spirit of the football season, and emerged with the Homecoming Decoration First-Place Award, which was presented to the chapter at the annual meeting of the Tulane Alumni Association, Regular Saturday afternoon and night parties marked the fall season, which ended with the annual Christmas party and a serenade to the Newcomb dormitory girls.

After the Christmas holidays the parties were continued, climaxed by the Founder's Day Banquet and Formal Dance, at the Grand Ballroom of the Roosevelt Hotel, on March 4, 1949. These events were in conjunction with the biennial Province Theta Convention, at which this chapter was host.

The officers are: Robert J. Boudreau, President; James B. Collins, Vice-President; Thomas S. Farmer, Recorder; D. Ryan Sartor, Jr., Treasurer; Philip B. Watson, Jr., Correspondent; Kenneth A. Langguth, Chronicler; James H. Kennedy, Herald; Jack Newman, Warden; Hamilton Cage, Chaplain; R. Wayne Vincent, Pledge Trainer; Robert B. Hulick, House Manager.

SIGMA ALPHA MU

Without a shadow of a doubt, this has been Sigma Alpha Mu's best year since its establishment on the Tulane campus thirty years ago. Even before school began, the chapter bought a house, the first one it has ever owned, and by the beginning of school, the house was in shape to accommodate sixteen men.

The high point of the social season was the thirtieth annual Orchid Formal, which was held in conjunction with a regional convention of the southeastern chapters of the fraternity. In addition to this traditionally excellent affair, the chapter threw many other parties during the year, none of which will be forgotten by those who were there. Sammies' social reputation was further enhanced by several open house receptions, the Mardi Gras Truck ride and the annual spring banquet.

The chapter gave a fine account of itself in campus activities too: pan-hellenic sports, homecoming, the community chest drive, song fest, skit night and surprisingly enough, it even gave a good showing in the scholastic average.

Under the capable leadership of its prior, Mort Madoff, Sigma Gamma Alpha Mu has reached its highest pinnacle of success thus far, and every indication is toward a bigger and better future.

SIGMA CHI

Yes Sir, the year 49-50 was a great one for Sigma Chi.

This year we won the Intramural and Pan-Mural softball trophy with Reed pitching two no-hit games. Also one of the Sig's old traditions was initiated at Tulane, the Sigma Chi Derby. This attracted more attention on the campus than any other single function. The very beautiful Joyce Bruff was the Sweetheart.

The Sigs don't have officers like everybody else. They have a Consul who was Tom Habig. The Pro-Consul was Tom Pitcher (always knew he was a pro at something.) Livingstone de Lancey was Annotator, what ever that is, and Richmond Galbreath was the Quaestor. They had several more but they get more ridiculous as they go along.

High spots of the year were the Sweetheart Dance, the L.S.U. Game party and the New Year's Eve Party.

First Row: Austin Baker, George W. Black, Richard Bradford, Livingstone De Lancey.

Second Row: Bill Evans, Fred Evans, Vernon Ewing, Richmond B. Galbreath.

Third Row: Frank Hildebrand, Richard Johnson, Louis McGee, George Nelson.

Fourth Row: Myron A. Pickens, Jr., Edward Reed, Bob Simmons, Don Stone.

Fifth Row: Robert Wells, Walker Weston.

Not in Panel: Bill Blackstone, Tom Bowman, Pete Brennecke, Walter Carnes, Sloan Cummins, Tom Deane, Harry Gould, Tom Habig, David Hamilton, Robert Hammett, Grady Harper, Bobby Jones, Louis Larue, Charles Lawrence, Clinton Lochard, Max McGinnis, Michael Molony, Buddy Molter, Ralph Pederson, Tom Pitcher, Edouard Plauche, John Ponder, Robert Reed, Shelly Reinerth, Tom Reising, Bobby Richards, Ben Sale, Joe Shields, Tom Stout, Edward C. Swanson, Bob Swords, Jim Van Pelt, Hunter Wagner, Dick Wells.

Okay, I'll string along!

She will arrange easy terms!

Below: Okay, here's the dollar, now you dance with her!
Bottom: The balloon was burst!

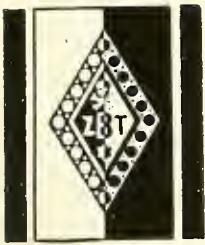

ZETA BETA TAU

Zeta Beta Tau was founded at the Jewish Theological Seminary in 1898, and in 1909, the Sigma Chapter at Tulane was installed. The fraternity colors are Blue, White, and Gold, and the flower is the white rose.

Guiding stars of the Sigma Chapter are Herbert Abraham; with Leo Roos acting as Vice-President; Buddy Lazarov jotted down the chapter's functions for posterity and future ZBT's; Norman Davidson did the thankless task of recording debits and credits; Jerry Edelstein compiled the chapter's history and edited the "Signature;" Tony Lowe acted as Steward and Corresponding Secretary; and Leonard Stern "educated" the pledges.

Among the social events on the Zebe calendar were the Winter Formal, a truck ride to Covington to meet their L.S.U. brothers, and the usual aggregation of parties during the year.

First Row: Herbert Abraham, Robert Ader, Murry Cohn, Maurice Davis, Herman Davidson.

Second Row: Jerry Edelstein, Howard Eichenbaum, Byron Eicholz, Philip Flowers, Julian Good.

Third Row: Frank Gruber, Harry Hammill, David Harris, Alfred Hiller, L. R. Jalenak.

Fourth Row: Leon Kahn, Donald Kahn, Harvey Karsh, Neil Kurtz, Buddy Lazarov.

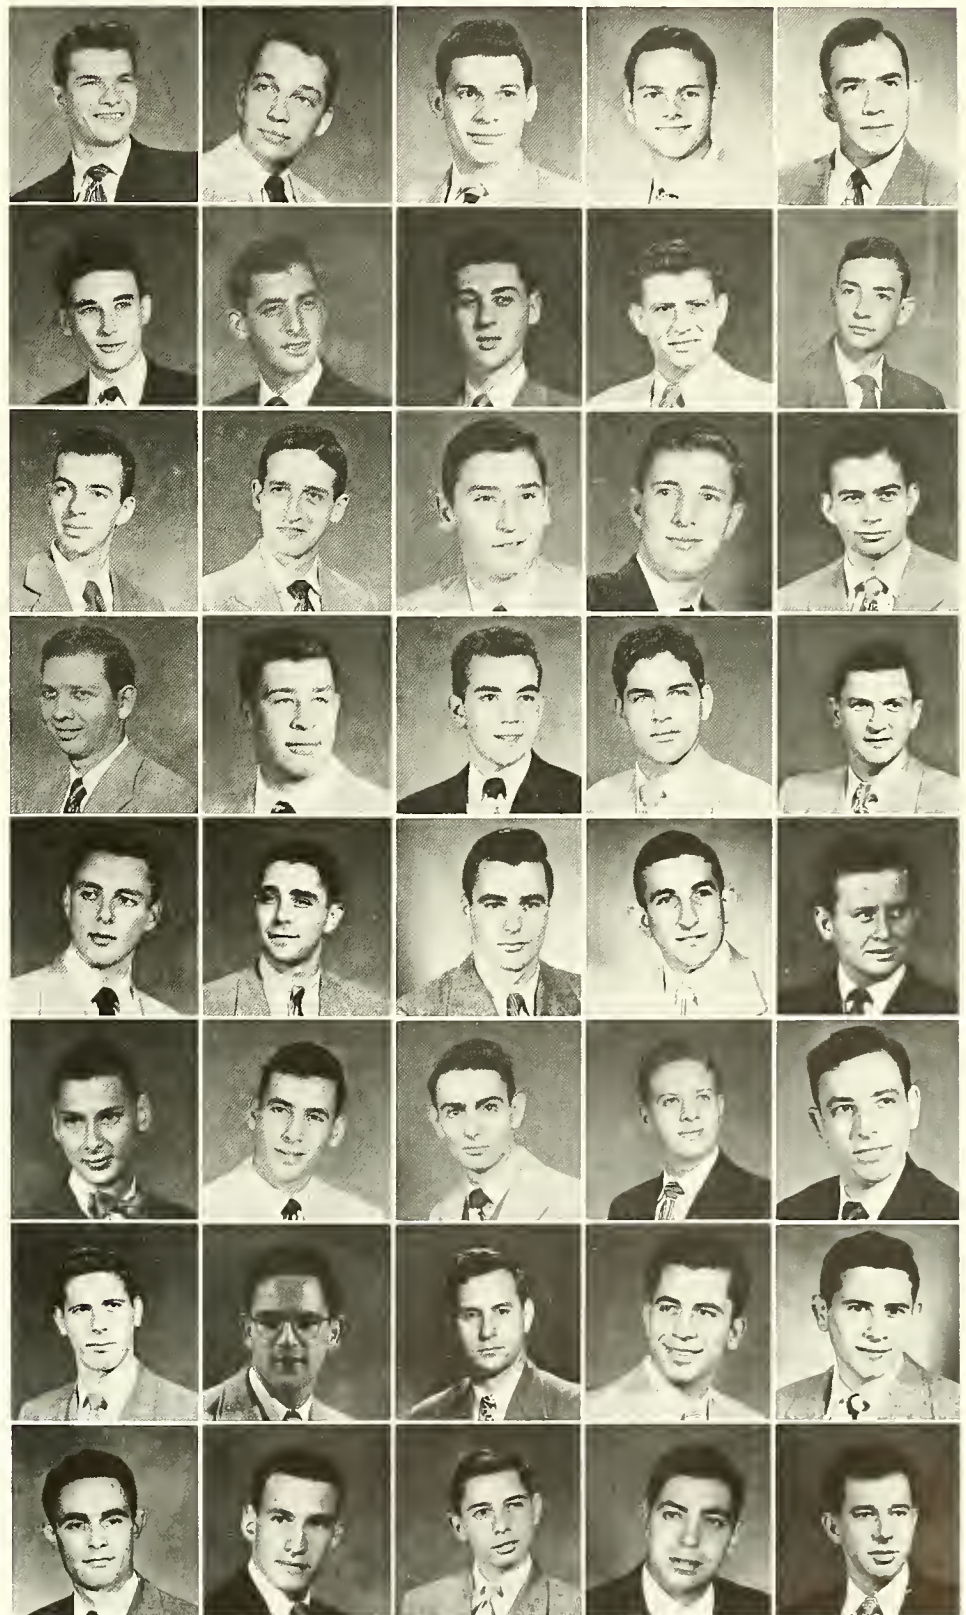

Fifth Row: Donald Lipton, Tony Lowe, Robert Maltz, David Masur, Sol Mintz.

Sixth Row: Mel Opotowsky, Leonard Parker, Louis Rosner, Walter Schwartz, Ralph Seelig.

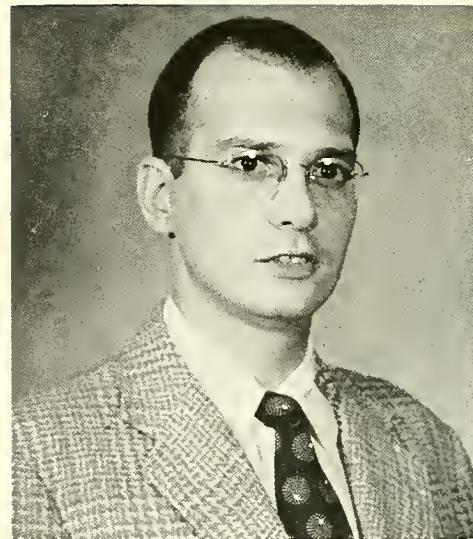

Seventh Row: Aaron Selber, Skeppy Shlenker, Alan Sigman, Ralfe Silverman, Stanley Starr.

Eighth Row: Charles Stern, Sam Strauss, Ivan Uttal, Donald Weil, Jack Weil.

The Psi chapter of Phi Lambda Kappa Medical Fraternity was established on the Tulane Campus in 1910 three years after the fraternity was founded at the University of Pennsylvania.

The main activities of the chapter were divided into two main categories: social and educational. On the social side of the balance sheet, PLK had the usual number of the normal parties, picnics and stag brawls. On the more staid and educational level, the chapter had several excellent lecture meetings, which were so successful that prospects seem quite bright for the establishment of an annual lecture-ship.

Nu Sigma Nu was founded at the University of Michigan in 1882, and the Beta Iota Chapter was established at Tulane in 1910. The Chapter's beautiful and ample house is conveniently located on St. Charles Avenue and is the scene of frequent and memorable parties.

Its chief sources of pride are its excellent library and the annual Rudolph Matas Lectureship. The latter, established in 1947, has thus far sponsored lectures by the eminent Doctors Alfred Blalock and William Menninger.

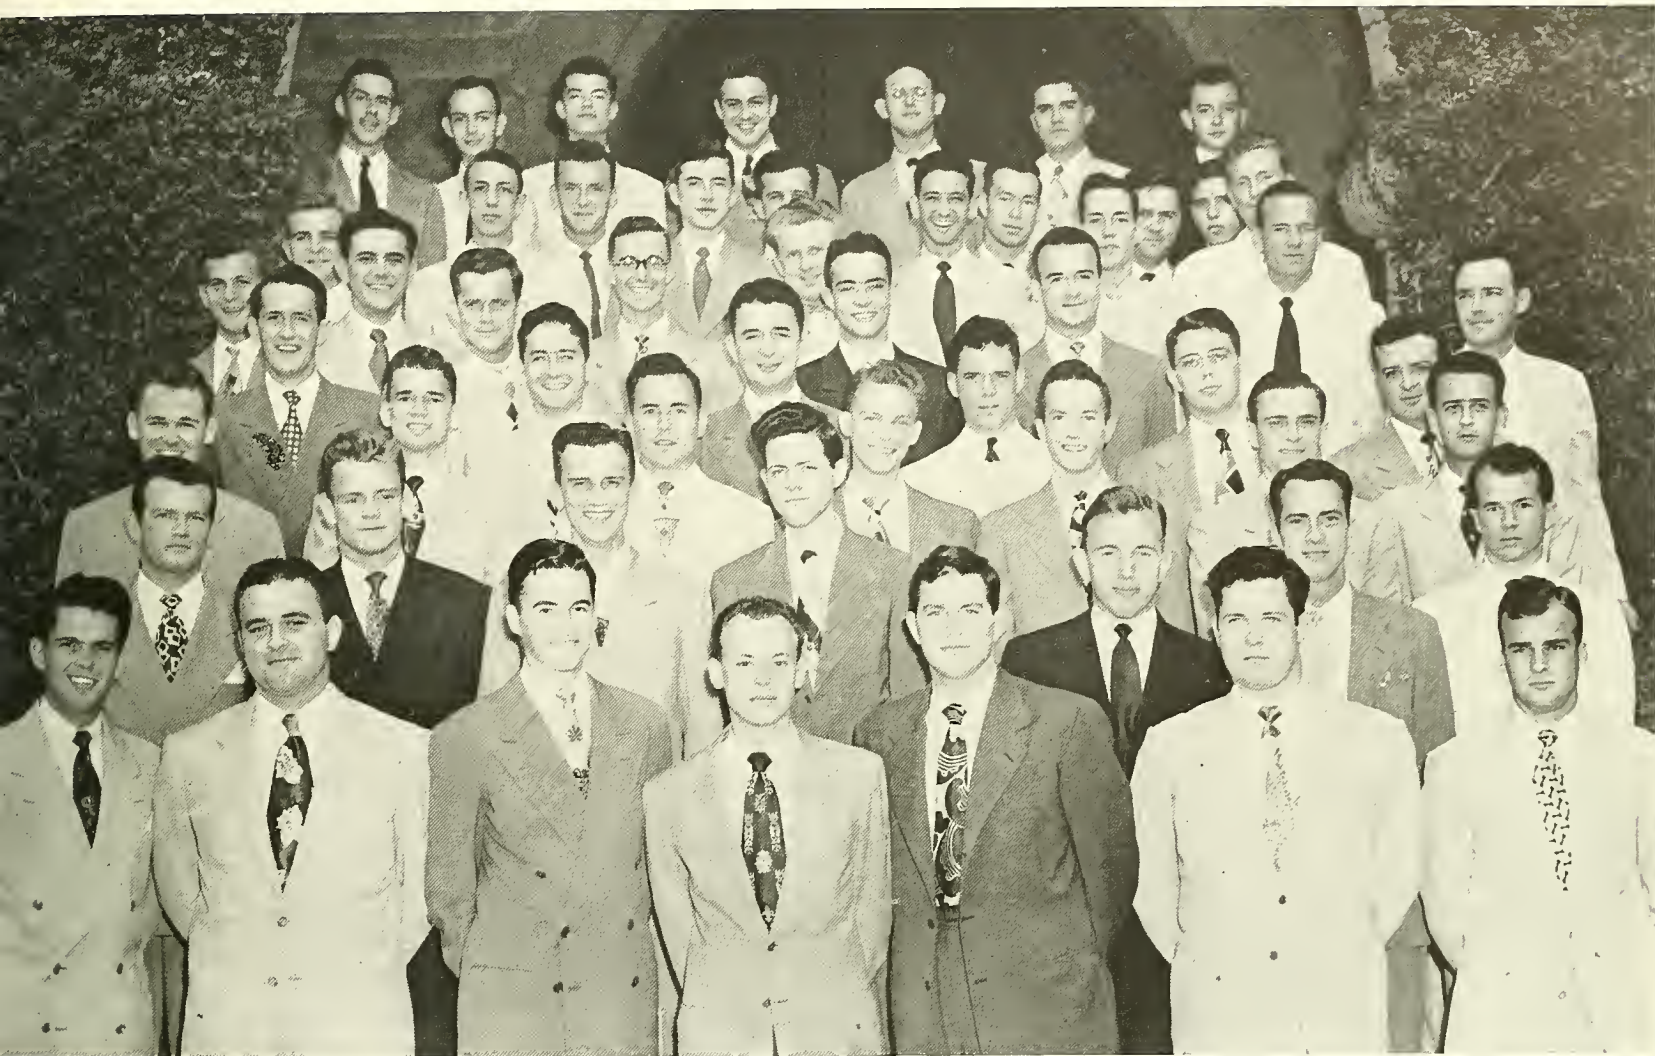

PHI CHI

Phi Chi was founded at the University of Vermont in 1889, and the Omicron Chapter was instituted at Tulane in 1902. Fraternity activities are centered at the beautiful Chapter house on St. Charles Avenue. One of the Chapter's primary projects for the year has been the further expansion of its C. Jeff Miller Memorial Library, one of the most complete privately-owned medical libraries in the city.

Presiding Senior Bob Ivy keeps fraternity activities running smoothly, with Ted Votteler assisting as Presiding Junior; Larry McGee makes appropriate use of the stamps and stationery purchased by John Shriner. In student affairs, Tom Davis serves as Vice-President of the Tulane University Student Body. Tom also fills the office of President of the Medical School Student Body, with Jack Ely, Dick Pierce, and Hank Post filling out the panel of supporting officers.

Alpha Kappa Kappa Medical fraternity was founded at Dartmouth College in 1888. Alpha Beta Chapter was instituted at Tulane in 1903, as the successor to Zeta Chapter of Phi Kappa Psi. During the war years the chapter suffered severely, both from the loss of its house and from the loss of many local alumni to the armed services.

In 1947, Alpha Beta was completely reorganized, and established in a new house located on St. Charles Avenue, midway between the two campuses. Since that time the chapter has grown rapidly in size and strength, and may be expected to resume its place of prominence among the medical fraternities on the Tulane campus.

The best damn bull shooters in school.

GLENDY BURKE

The purpose of Glendy Burke Literary and Debating Society is to stimulate forensic activity among the students of the University, and to assist the various New Orleans high schools in their debating and oratorical contests. In keeping with tradition Glendy Burke's membership is limited to forty-eight male students, each representing a senator from a different state.

The varsity debating team is selected annually from the society to represent Tulane in intercollegiate debating contests and in the annual National Debate Tournament. Among the awards given through Glendy Burke are the Carnot Medal for proficient oration on a topic related to French politics, the Terri-berry Prize, the George Prize, and the Glendy Burke Medal for oratory.

The Eta-Alfa Chapter of Tau Sigma Delta was installed at Tulane December 10, 1949, as the official honorary fraternity of the School of Architecture, replacing the former Gargoyle Society. Students are selected on the basis of scholarship, leadership, and character, and must have completed five semesters of the architectural curriculum to be eligible for this honor. Nominees undergo a pledge period wherein the winning sketch of the traditional Gargoyle competition is selected. In 1949, the pledges completed the "Student Societies" room, here illustrated. Tau Sigma Delta provides a collegiate organization which assists in the promotion of worthy endeavors which tend to benefit the profession and boasts as active alumni the outstanding architects of the city and state.

Formerly known as Lampyrids, Newcomb's honorary biological fraternity became Beta Lambda chapter of Beta Beta Beta, National Honorary Biological Fraternity, in 1945. Since then, the Newcomb chapter has participated in national and regional Tri Beta activities as well as maintaining its own program.

Open to any student demonstrating exceptional aptitude and interest in Biology, Tri Beta aims to promote sound scholarship and encourage investigation in the life sciences.

This year's program of events included local speakers on topics of interest to biology students, a study of the mechanisms of civic health organizations, a student debate on the problem of natural resources, and a field trip.

The Newcomb Dance Club, which was officially founded in 1940, has progressed steadily through the years under the enthusiastic direction of Miss Frances Bush.

This year, in order to promote interest in this Club, the membership was divided into two groups, The Coryphees and the Balierinas. The Ballerinas were the original members of the Club, and the new members, taken in by try-outs, formed a Coryphee group. During the past year Coryphees who improved their ability and showed cooperation were admitted to the Ballerina group. This plan has worked successfully and will be continued along these lines.

The annual spring recital for this year included an original selection; music by Miss Ydeen Francis, a member of the Newcomb Music School, and choreography by the members of the Dance Club. Also included on the program was Smetena's Moldau and divertissements in which all members of the Dance Club participated.

Sophie Newcomb's Southern belles are more athletic than they look! All Newcomb girls are members of the Newcomb Athletic Association, which is divided into four leagues—Dixon, Gibson, Howard, and Norman. Through the four leagues, intramural competition both team sports and individual sports are conducted.

Governing the Athletic Association is the Newcomb Athletic Council. On the Council are representatives from each class, presidents of the Swimming, the Dance, and the Tennis Clubs, chairmen of the three major sports, and chairmen of the four leagues. Under the guidance of Athletic Council, intramural tournaments are organized, and the gym is opened for recreational purposes.

No member of the Athletic Association need feel that her efforts are futile in competitions for the various awards are conferred not only for skill but also for enthusiasm and participation. For league victories trophies are awarded. Individual tournament winners sport gold keys. A felt "N," a silver "N" pin, and a blazer jacket with the seal of Newcomb are presented to those girls who have the required points—compiled from all athletic participation.

Lagniappes, the Student Dance Organization, started off the year in a bang-up fashion. The Annual Freshman Dance, held this year as always at the Gymnasium, was a huge success. Begun with the idea of having Tulane end Newcomb Frosh come and meet at a dance, the venture has proven to be very enjoyable for everyone—including the Freshmen. This year the floor was packed with the boys outnumbering the gals three to one which made it even better as far as the girls were concerned. Of course the fact that it was held the night of the opening football game, and the fact that we won, helped to bring out the large attendance.

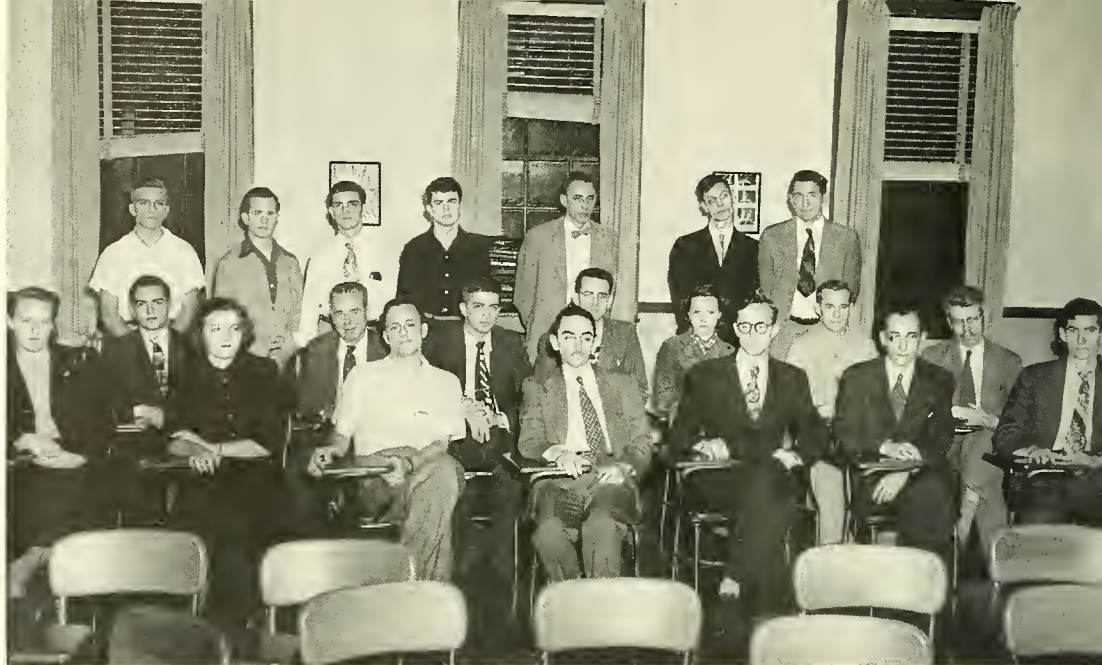

The Annual Homecoming Dance, held at the Municipal Auditorium, to celebrate Homecoming was likewise a smash. Charlie Spivak and his well known orchestra provided the best all around danceable music heard down this way in many an eon. The presentation of the Homecoming Queen and her Court was a highlight as in the past. Air-conditioning and "requesting" of more tables made this Homecoming Dance the best in the past three years.

The Tulane-Newcomb Mathematics Club, organized in 1940, meets every month to consider topics related to mathematics. Informal talks, on subjects not covered in classroom work, form the main portion of the program; these are often followed by discussion of mathematical topics. Refreshments and a social get-together usually concludes the meeting.

Membership in the Math Club is open to all University students interested in mathematics. Each year the club gives a prize which is very coveted among Tulane's mathematicians. This award, known as the Math Club Prize, is given for the most interesting and original talk given by a student on contemporary mathematics.

The Tulane-Newcomb Sociology Club fosters interest in sociology and social work. The organization is composed of all interested individuals who wish to meet and exchange ideas on sociology. Outside speakers are sponsored by the club who present ideas on sociology and social improvement. Parties are also planned during the meetings and usually remain in the planning stage. The club was organized in 1946 and has been functioning, after a fashion, ever since.

The Leadership Council, composed of the President or appointed representative of every organization on the Tulane-Newcomb campus, was conceived and set up by the 1949-50 Student Council. The Leadership Council, serving as an advisory body to the Student Council, has its own constitution, rules and regulations, and is divided into sub-committees to deal with various phases of student activities. Although in its first few months of existence, it has served as a remarkably accurate sounding-board for student opinion and has functioned very effectively in executing a great many campus-wide projects. Under the capable administration of Chairman Jack Weiss and Secretary Jerry M. Honeycutt, the Leadership Council has succeeded in coordinating and integrating the activities of all the organized groups on the campus, and has served as a right arm to the Student Council.

ENGINEERS' TECHNO- LOGICAL ATELIER

The engineers suitably named their official student organization the Engineer's Technological Atelier because "atelier" means workshop. E.T.A., as it is better known on the campus, is a workshop which knits together the five engineering schools with a spirit of friendship in a common cause.

Student engineers work hard, but when they play, they play hard. The annual tradition of honoring St. Patrick, the engineer's patron saint, is carefully guided by the members of E.T.A. They must handle the election of St. Pat and his queen, St. Patricia. They must plan the formal dance and the half-time skit which are part of the Engineer's Week.

In the field of technical knowledge, E.T.A. annually sponsors the Engineer's forum at which outsiders are invited to hear students talk on technical subjects and to see the college's laboratories in operation.

In between these two major functions, E.T.A. gathers the engineers at the Student Center for the Annual Smoker where they poke good-natured fun at their professors.

The Atelier is a workshop. What it produces is evidence that, in the College of Engineering, school spirit is far from dead.

In the past year the A.S.C.E. has become one of the most active of Tulane's engineering professional societies under the capable leadership of its past president, Bill Scott. The School of Civil Engineering is one of the most closely-knit schools in the College of Engineering and this is due largely to the A.S.C.E. The A.S.C.E. has become very active in all the fields that a professional society can enter. Believing that the prime interest of its members lies in civil engineering subjects (and women) it has fostered lectures by noted engineers on various advances in construction work and in engineering practice. It also has sponsored original research projects in several engineering fields, most notable being its research on foundation problems in and around New Orleans.

As for social functions, A.S.C.E. has given during the last year, dances, luncheons, field trips, beer parties, and even "alligator hunts."

A.S.C.E. feels that through its professional and social activities it has been able to help weld its members and the school of Civil Engineering into a fraternity of friendship and technical know-how.

The Student Chapter of the American Institute of Chemical Engineers is a counter-part of the Senior Chapter. Its main purpose is to provide training of the students in the functions of the Senior Chapter of the American Institute of Chemical Engineers and as such works in close harmony with the Senior Chapter. The student group has sponsored many field trips which are of interest to chemical engineers. The chapter has also been active in participation in school events such as sponsoring a half-time skit at the Engineer's Day and at the Engineer's Forum.

The Tulane University Student Branch of the American Society of Mechanical Engineers is a counterpart of the Senior Chapter of the A.S.M.E. By means of joint meetings between these two organizations the student engineers are given the opportunity to make personal contacts with practicing engineers and to discuss current problems in the engineering field.

The objectives of the society are to give the student an idea of the practical side of engineering, to develop his initiative and ability to speak in public, keep him informed about engineering progress; and to familiarize him with parliamentary procedure and organization.

The activities of the group are numerous, varying from technical movies, papers, talks, and discussions to social gatherings and inspection trips to industrial and manufacturing plants. The A.S.M.E. annual banquet tops the year's social activities.

The Tulane Student Chapter of the American Institute of Electrical Engineers and Institute of Radio Engineers provides the student with an added interest in electrical engineering during his college career. The aims of the society are to furnish to each student the opportunity of following current projects and developments in the electrical field, of making contacts with practicing engineers, and of receiving valuable training in public speaking and leadership. In addition, interesting field trips to industrial plants are made and movies on the subject of electrical engineering are shown. In order that the members of the society may become better acquainted, several social get-togethers such as dances and weiner-roasts are held during the year.

AMERICAN INSTITUTE OF ARCHITECTS

The Tulane Student Chapter of the American Institute of Architects was organized on January 6, 1947, for the purpose of establishing a liaison between the student architects at Tulane and those architects engaged in actual practice of their profession. Its membership is limited to third, fourth, and fifth year architectural students.

The chapter represents the school in all matters relating to the profession, assists in finding employment in architectural offices for students during summer months, and in general seeks to elevate the standards of the profession by stressing higher scholastic requirements.

The Tulane Architectural Society is one of the oldest professional organizations in the school of Engineering. Since its founding in 1913 it has had its membership open to all students in the School of Architecture.

The T. A. S. is not connected with any national professional society but has as its purpose to foster fellowship between the Architectural students in social and academic relationships, co-operation between the school and the students, and the developing of good will between the School of Architecture and the other Engineering Schools.

The Pre-Medical Society was founded in April 1948 by a small group of individuals who were in the pre-med curriculum and who believed that there was a definite need for a club for those who expect to enter the medical profession. Some of the purposes of this organization are to bring together into a closer fellowship those to whom the field of medicine is a common interest, to provide information by having visiting lecturers who are capable of giving authoritative information, and to provide for group tours to places of interest. Under the guidance of Dr. Ralph Smith, faculty advisor, this year the society has secured such capable speakers as Dr. T. A. Watters and Dr. Alton Ochsner.

The Tulane Amateur Radio Club is a campus organization of licensed radio amateurs and interested experimenters for the purpose of providing a means of pursuing their hobby on the campus. The Club's activities center about the three transmitters and two receivers tucked away in a corner of the Physics Laboratory on the third floor of the Physics Building. The equipment is used on almost all of the frequencies assigned to the Amateur Service and licensed members communicate with other amateurs by voice and telegraph in all parts of the United States and often with amateurs in foreign countries. Members of the club have arranged schedules with amateur stations in many cities in order that Tulane and Newcomb students may talk to their parents and friends over a medium that often far exceeds the telephone in quality—then there is also the fact that no phone bill is attached! The Club has endeavored to communicate with similar clubs at other universities in order to exchange messages between student bodies and to swap "Shop Talk." For non-licensed members the Club has equipment available to teach the telegraph code and theory required to obtain the government issued license necessary to operate their own or the Club's radio transmitters. The Club is a recognized member of the American Radio Relay League, the nation wide organization of amateurs, and members take part in many contests and activities sponsored by the League.

The Barracuda Swimming Club plays an important role in Newcomb activities. The chief purpose of the club is to promote interest in form swimming and pageant planning.

The Swimming Club sponsors the National Telegraphic Swimming Meet, The Newcomb Intramural Swimming Meet, and plans a swimming program for Newcomb orientation.

The main event of the club is the presentation of its annual water ballet in which each member of the club participates. This year the Barracudas presented "The World Pool;" in which different aspects of various countries were portrayed.

Oreades is an honorary club for Newcomb students who are interested in studying the Greek and Roman classics. At the beginning of the second semester Freshmen who are studying classics are chosen to be new members on the basis of interest and scholarship. The big event of the year is Saturnalia, a Christmas festival named after the old Roman celebration in December, when slaves become masters and masters are slaves. The members celebrate with games, skits, and refreshments. A Nativity scene or play is given to remind the merry-makers of the holy day of Christmas.

The German Club has just completed its fourth year of activity on the Tulane-Newcomb campus. The organization is dedicated to the furthering of both interest and understanding in the German language and culture.

The year of 1949-1950 was a particularly successful and active one. The club has held regular semi-monthly meetings, and a program of particular interest has been presented each time. During the Christmas season, the club entertained with a Nativity pageant and party. In the spring, the club presented a program of German Lieder; this was done with the co-operation of the Music Department. However, the achievement of which the club members were most proud was the Easter play. This production marks the first performance on the campus of a full length German play in many years.

Each meeting is devoted to some phase of Latin-American or Spanish life. There are four reunions each year to which the whole university, as well as the public, is invited: October 12, Columbus Day; a Christmas Fiesta; April 14, Pan-American Day; and April 23, Cervantes Day (Día de la Lengua.) In addition, a banquet for the members and new initiates is held at the close of each year.

The purpose of the University Art Club is to promote art principles throughout the community and the understanding of art as anything which is well done. This self-supporting club holds its business meeting once a month and members are allowed to bring one guest to these functions. Programs and activities consist of films, some art, some modern dance and some documentary; lectures from the art and academic faculties; slide demonstrations; an annual banquet; and helping with the decorations for the Beaux Arts Ball of the Architecture School.

This year, the Art Club members can be identified by a gold key, designed by the president. Club membership is open to all colleges on campus, an interest in art being the only requirement for membership.

Membership in the Young Women's Christian Association is open to all students of Newcomb College. The "Y" meets twice monthly for open discussion, talks by outstanding personalities, and debates. The "Y," established at Newcomb in 1901, presents a program of well-rounded events, among which is the annual "Y" picnic supper during Freshman Orientation.

"Y" traditions include the annual Christmas and Easter parties for a group of children from a local orphanage; the Christmas tree placed in the main hall of the Newcomb Administration Building; and the Senior baby contest in the Spring. With other Tulane organizations, the "Y" annually conducts the Easter Sunrise Service, held in the Quadrangle of Newcomb College.

Tulane—Newcomb—Loyola Baptist Student Union, one of five local groups in a world-wide organization, serves the primary purpose of linking out-of-town Baptist students with one of the local Baptist churches.

The organization, housed in the new Baptist Center at 7111 Freret Street, includes in its program monthly Dinner Forums, afternoon fellowships, Baptist Student Conventions and Retreats, parties, socials and Noonday Chapel Services, as well as a weekly mission program and a City-wide Youth Revival.

Under the leadership of Director Mary Lee Vines and the Executive Council, the B.S.U. plans to enlarge its current program by concentration on missionary activities and a broadening of fellowship fields.

The Canterbury Club is the official organization for all Episcopal students on the Tulane and Newcomb Campuses. Each member or friend of the Episcopal Church is considered a member of the weekly meetings, which consist of worship, study, service, and fellowship.

Each Wednesday morning there is a celebration of the Holy Communion, and on Thursday evenings, a discussion and study group is held. In the past, these services have been conducted in the temporary Episcopal Student Rooms on Zimple Street, however, there is being planned a Student Center on Broadway Street which is to be known as the Francis Lister Hawks Student Center.

The Club also offers the services of a chaplain for the students' spiritual consultation at all times.

Christian Science Organization at the Tulane University of Louisiana was organized in December, 1943, and is authorized by the Manual of The Mother Church, the First Church of Christ, Scientist, in Boston, Massachusetts. Regular weekly meetings are held on the campus. Students, faculty and staff members are invited to attend.

The purposes of this organization are to unite the Christian Scientists within the University in closer bonds of Christian fellowship, to welcome Christian Scientists entering the University, and to afford to the entire University the opportunity to study the Bible, and to learn the truth about Christian Science as taught in the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, The Discoverer and Founder of Christian Science.

Gamma Delta, the International Association of Lutheran Students, has two main objectives; the promotion of Christian knowledge and the promotion of Christian service among Lutheran Youth.

To further these objectives, Alpha Upsilon, the Tulane and Newcomb chapter, holds semi-monthly meetings at which the pastoral advisor presents topics and conducts discussions on the Bible, doctrine, and Christian living.

At least once a month Alpha Upsilon has a social function. During the past year the chapter has sponsored a number of successful square dances in conjunction with youth groups from the local Lutheran churches. In addition to the regularly-scheduled meetings and social functions, Alpha Upsilon occasionally undertakes special projects. A movie entitled "The Sickle or the Cross," was presented for the general public in the Student Center last fall. On Holy Thursday an hour radio broadcast of Christ's last days and death is sponsored by Alpha Upsilon and presented by the Tulane Radio Guild.

The Hillel Foundation is composed of the Jewish students on the Newcomb and Tulane campuses. Hillel, which is sponsored by B'nai B'rith, has as its purpose the furtherance of the cultural, religious, and social aspects of the Jewish students enrolled in the University. Through its many activities and functions, Hillel has made important contributions to the University-at-large by bringing speakers and lecturers to the campus who have presented to the student many topics of interest and value. In the past, Hillel has been very instrumental in raising funds for the University Chest Drive by their active participation in the annual Kampus Karnival, and through their other service projects.

Since 1893, when the first Newman Club was formed at the University of Pennsylvania, the movement has gone forward until today there are over 400 Newman Clubs throughout America.

The Tulane Newman Club is a member of the Gulf States Province of the National Newman Club Federation and of the National Catholic Youth Council of America.

During the past year the club's activities has consisted of daily worship services, service projects, and social functions which are designed to bring together, in a better bond of fellowship, the 2,000 Catholic students at Tulane.

Under the leadership of "Corky" Falbaum, Wesley Foundation has made many fine improvements during the last year. It has succeeded in increasing its membership, has been active in service projects, and has presented a well planned year around spiritual and devotional program.

Wesley Foundation is primarily an organization for the spiritual development of Methodist Students, and to further this aim, Wesley has sponsored talks by ministers and faculty members, has conducted weekly devotional services, and has had weekly chapel services.

Other of Wesley's activities during the year were a Spring Retreat, a drive to send clothing and Care Packages to Overseas Relief, observation of World Student Day of Prayer, hayrides, picnics, radio football game parties, benefit movies, a plantation social, and a Christmas party.

Much of the recent success of Wesley is due to Mrs. Francis Pollard. Without her advice and inspiration, interest in Wesley would not be at the high level that it is today.

The Tulane Interfaith Council was founded two years ago on the campus for the purpose of promoting interfaith understanding through joint activities of an undenominational nature, and to promote and obtain a greater religious emphasis on the campus by means of joint projects.

The council is composed of the following organizations: Baptist Student Union, Canterbury Club (Episcopal), Channing Club (Unitarian), Christian Youth Fellowship, Christian Science Organization, Gamma Delta (Lutheran), Hillel (Jewish), Newman Club (pending approval), Wesley Foundation (Methodist), and Westminster Fellowship (Presbyterian). Each of these organizations has two representatives on the council plus an advisor from each group.

Some of the aims of the council are the erection of a non-denominational chapel on the campus, the bringing of speakers of other races to the campus, and the sponsoring of a larger and greater Religious Emphasis Week.

At Tulane University, E-Company 8th Regiment of the National Society has been established. In 1942 it was originally founded by the Naval ROTC Midshipmen, but its activities were necessarily curtailed during World War II. When the Army and Air Force ROTC programs were established just after the war ended, the company was reorganized. Membership in the society is limited to 30% of the cadet officers of each Army, Navy, and Air Force ROTC unit. Each candidate must rank in the upper half of his ROTC class to be considered for admission. At every Friday drill period Scabbard and Blade selects the most outstanding marching unit, which is entitled to carry the proficiency standard the following week.

The "Taffrail" of a ship is the railing at the very stern of a ship. However, the Taffrail Society is by no means at the very rear of the Naval Unit. It is composed of the leading men in the N. R. O. T. C. In the past, Taffrail has been primarily a social organization. During the last year, however, Taffrail has broadened its scope to include, not only social functions, but also campus service projects and is now preparing itself also to take on the role of a professional Naval Society. Taffrail has been extremely active during the last school year and has accomplished many notable things under the inspired leadership of its president, Dave Kirchner.

TAFFRAIL NAVAL SOCIETY

It has succeeded in welding together the midshipmen of the Tulane N.R.O.T.C. Unit into one large fraternity of fellowship.

The Tulane "Middies" and dates have enjoyed several fine truck rides, outings, and dances together in addition to the Annual Naval Graduation Ball. One of Taffrail's proudest projects this year was their "Break The Record" booth at the Kampus Karnival at which it was able to raise a large amount of money for the University Chest Drive.

Taffrail has rapidly become one of the prime factors in the developing of the high "esprit de corps" which characterizes Tulane's N.R.O.T.C. Battalion.

TULANE'S FOOTBALL SEASON, 1949

Coach of Tulane's S.E.C. Champions, Henry Frnka

A combination of one of the finest coaching staffs and all-American players saw Tulane come through a hard-fought season with the Southeastern Championship under their belt.

Suffering only one conference loss Coach Frnka fielded one of the best teams in Tulane gridiron history. Yes, things were, "Fine in '49."

Although the '49 squad boasted of all-American Eddie Price and stalwarts of first class caliber, it was teamwork that put the Greenies on top of the pile. Each man on the squad did his job in a brilliant manner. A rugged line that was as strong as the proverbial stone wall refused to let the opposition through. The backfield combined speed, power, and dexterity to pile up the points to fulfill Henry Frnka's dream of a championship team.

The graduating seniors were honored at a television show in which each was given a certificate of merit from Tulane and the SEC Championship award was presented to the team.

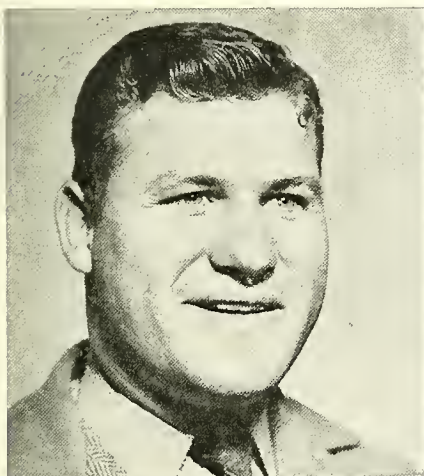

With a championship football team, school spirit showed a definite increase. This essential quality will do much to encourage the Greenies on to great things in the coming season. With all confidence we can say that things will be "Nifty in '50."

I would like to express my appreciation to Mr. Bill McKeefe who has prepared the write-ups for the individual games this year.

Kinek turns it on!

TULANE . . . 28

ALABAMA . . . 14

Tulane traveled to Ladd Memorial Stadium to turn the "Tide" for the third straight year, by a score of 28-14, a feat which has never been duplicated.

It was a case of Tulane's possessing the ball too much that beat Alabama. Of course, the able running of Bill Svoboda, one 87 yard trip to TD territory was the longest of the game, and Eddie Price's footwork for 149 yards in 21 tries were instrumental in the Wave win.

Fumbling shortly after the opening kickoff, the Greenies went on the defensive. Brilliant defensive work by Johnny Hickman and company kept 'Bama from crossing to pay dirt.

Tulane's touchdowns came as George Kinek, halfback, powered through the Alabama line. The second came shortly afterwards by Eddie as he galloped 17 yards. Bill Svoboda scored the other two for the Wave.

Tulane's own Sherman tank under way

TULANE . . . 18 GA. TECH . . . 0

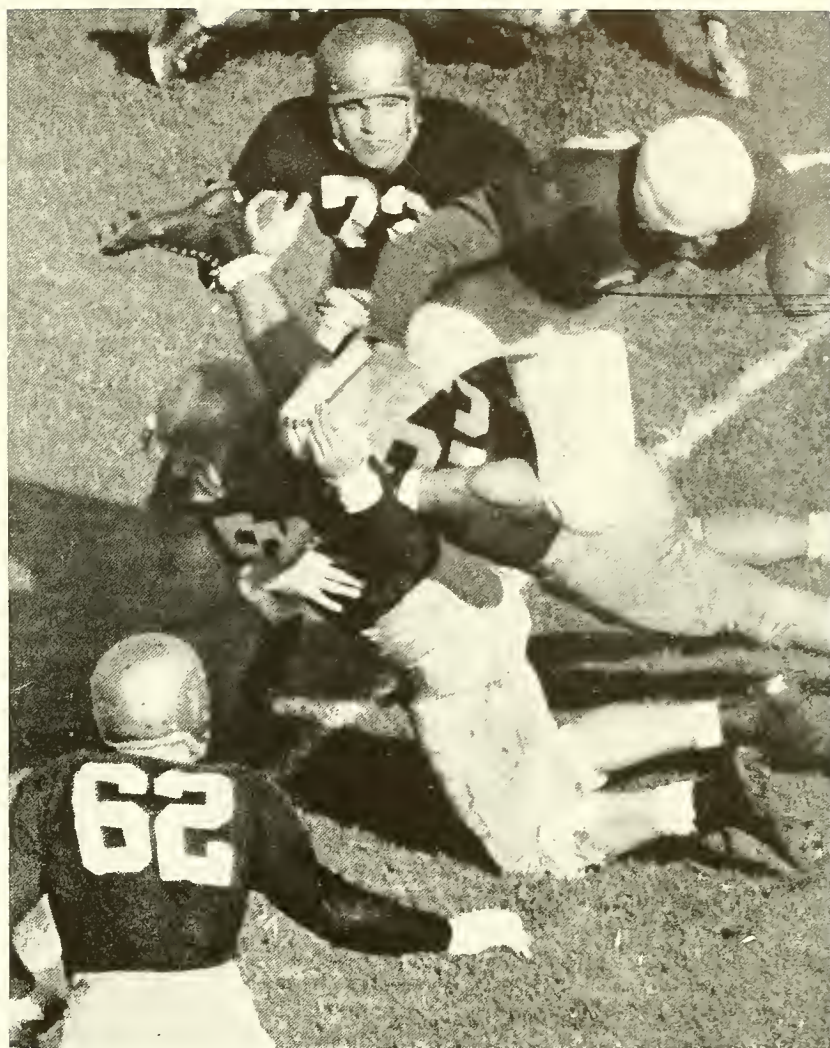

The Green Wave kept its conference record clean by beating the Yellow Jackets 18-0, before 55,000 fans in Tulane Stadium.

Tulane drew first blood on a spectacular pass, Quarterback Joe Ernst throwing 47 yards to Half-back George Kinek.

Eddie Price was the sparkplug that brought the ball to the one foot line of the Yellow Jackets where big Bill Svoboda took it over for the score.

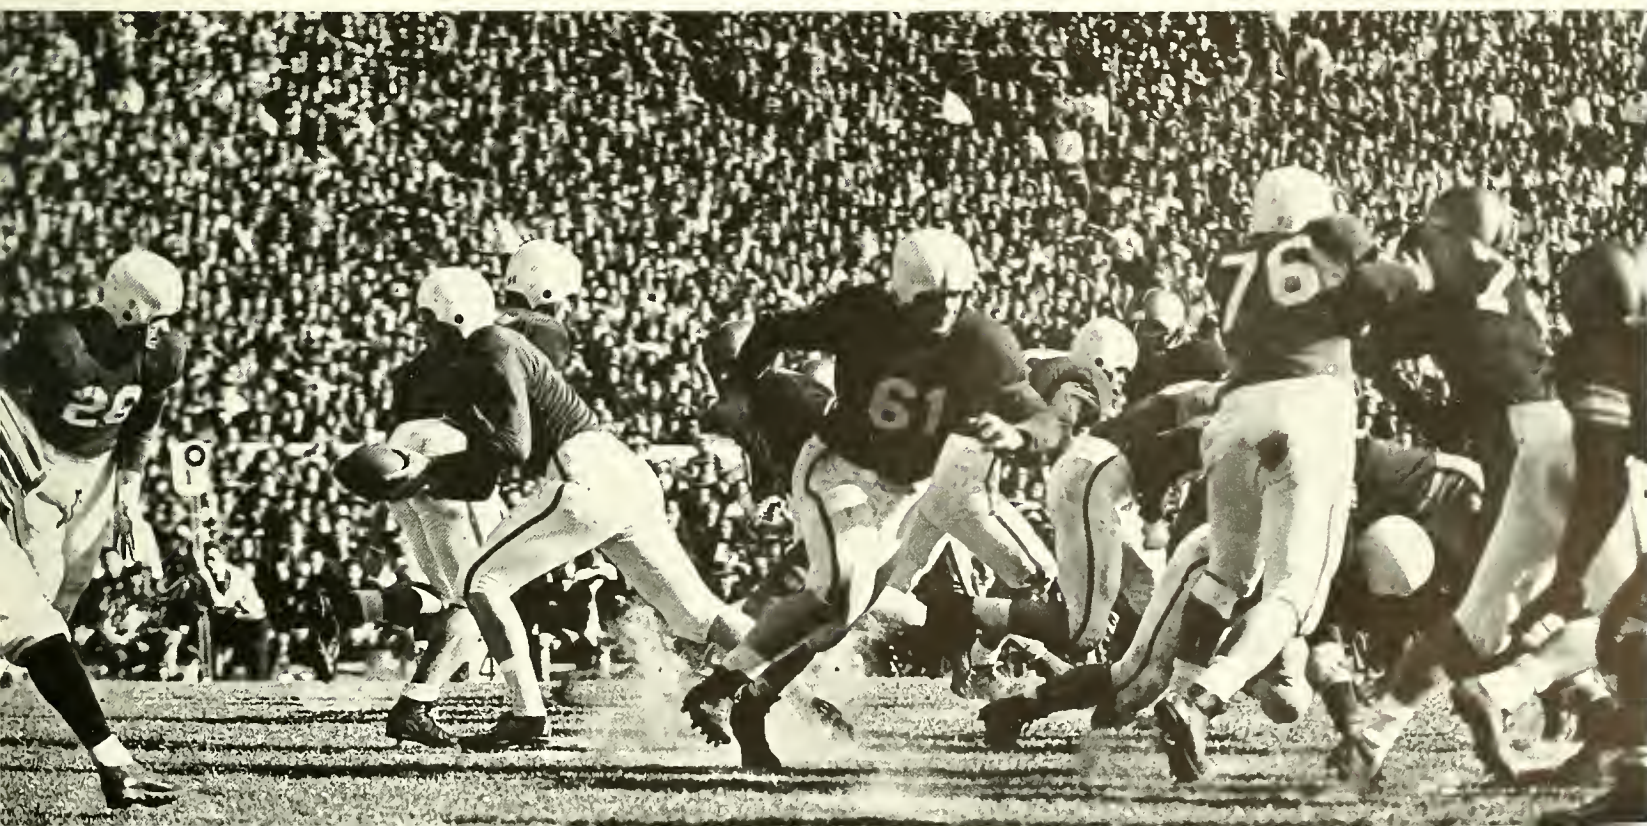

In the dying minutes of the game, the Wave put on another drive. John Sikora was the inspiration this time, as he ran over standing up from the four-yard line to make it 18-0.

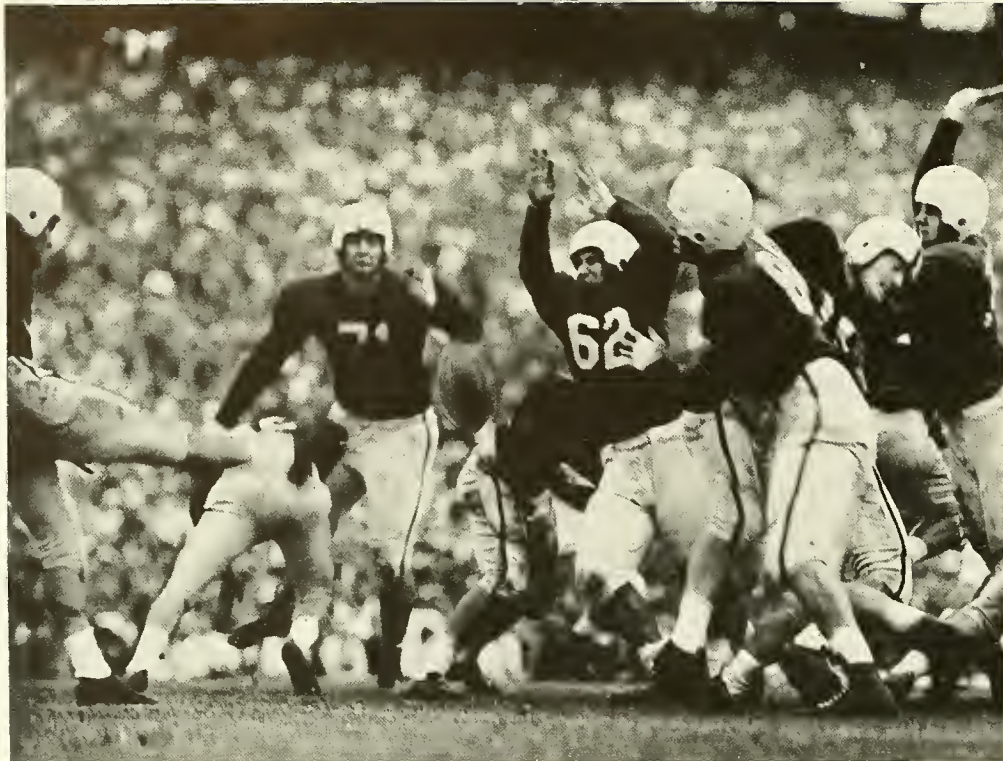

Offense was overshadowed on both sides by the brilliant defensive play which prevailed. Jimmy Glisson and Bobby Jones both intercepted Tech passes to prevent scores. Jerome Helluin and Paul Lea were the outstanding linemen for the day.

Over the land, through the air?

Hal leads out for Cliff!

At least you could smile, A. G.

TULANE . . . 40 ; SOUTHEASTERN LA. . . . 0

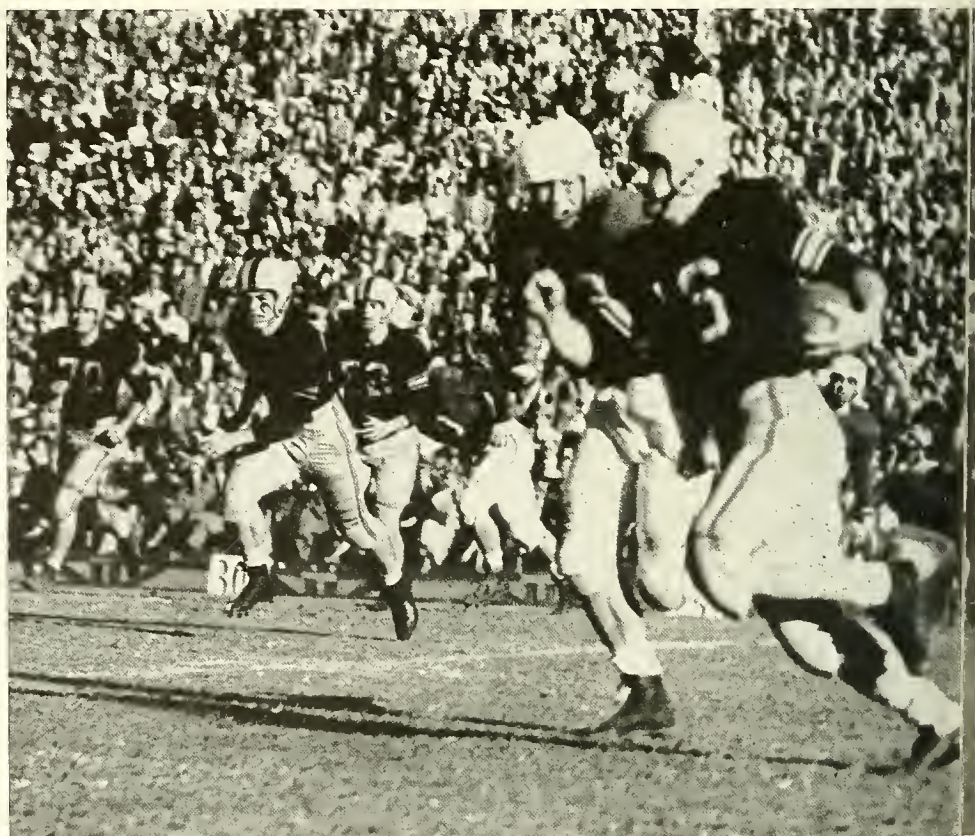

Playing in mud and rain, the Wave rolled over the Lions 40-0 in a game that saw the Greenies taking the advantage right from the start. The outcome was never in doubt, even with Eddie Price on the injured list. The Wave scored by air as well as by land. Fine passing was shown by

Bill Bonar and Joe Ernst, although the ball and field were wet.

The spotlight was shared by a group of sophomores that got to show their wares for the first time this year and they did a mighty fine job.

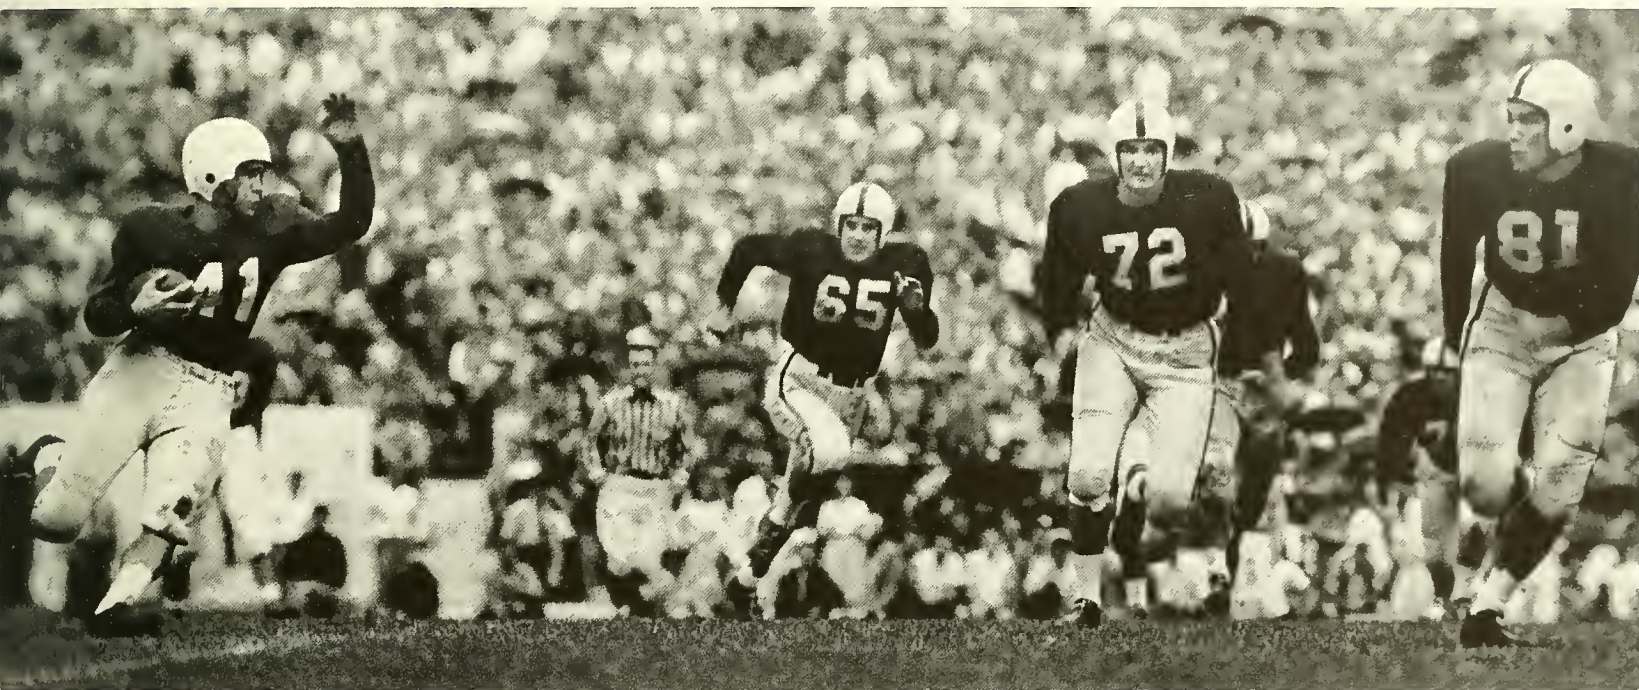

Torpedo him, Joe, baby

TULANE . . . 6; NOTRE DAME . . . 47

On that dime turn, we got 9 cents change!

The Greenies traveled to South Bend for their first defeat of the season to bow to the champions from Notre Dame.

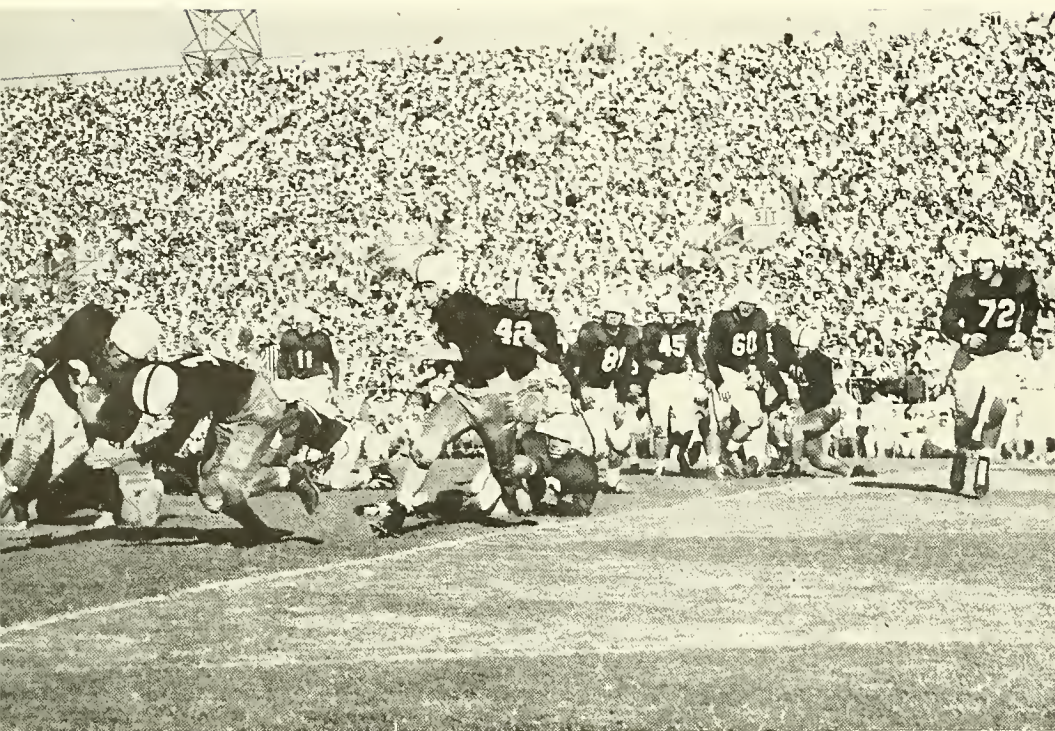

The Wave tried to discover a combination to combat the Irish but it never came.

The bright spot of the day for Tulane was a fine pass from Bill Bonar to George Kinek, for a touchdown, the longest of the afternoon.

Tulane started the game minus Dennis Doyle, Rainey Brown, and Jim Keeton, all three of whom would have helped.

Hal and Gus start to move out

Tulane's first touchdown of the game!

TULANE . . . 14; AUBURN . . . 6

Travis Tidwell and Co. invaded Tulane Stadium and provided the Wave with plenty of stubborn resistance, but Eddie Price, despite an injured leg, provided the deciding factor.

All of the scoring came in the second quarter. A drive which started in the first quarter carried the ball to Auburn's four-yard line, where Bill Bonar shot a high pass to Kinek. The rangy half-

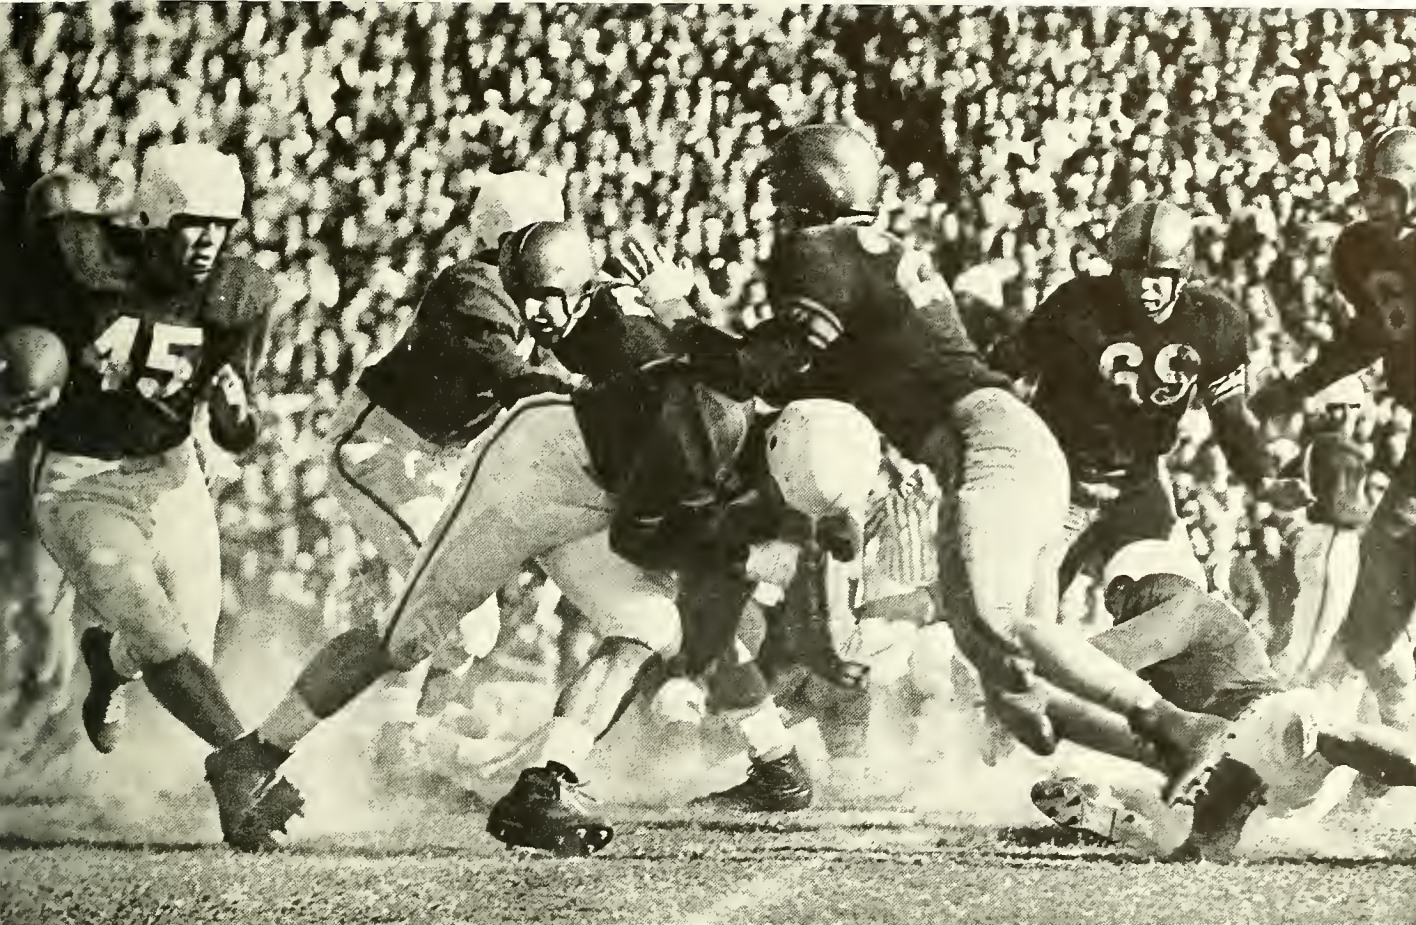

back jumped up and took it from the arms of Johnny Wallis to go over for the score.

Eddie Price brought the crowd to its feet when he took a hand-off from Joe Ernst and rolled through right tackle for 62 yards.

Paul Lea, Harold Headrick, George Maddox, and Bill Svoboda kept the Auburn boys under control with fine defensive play.

This is no time to play ostrich, Jimmy

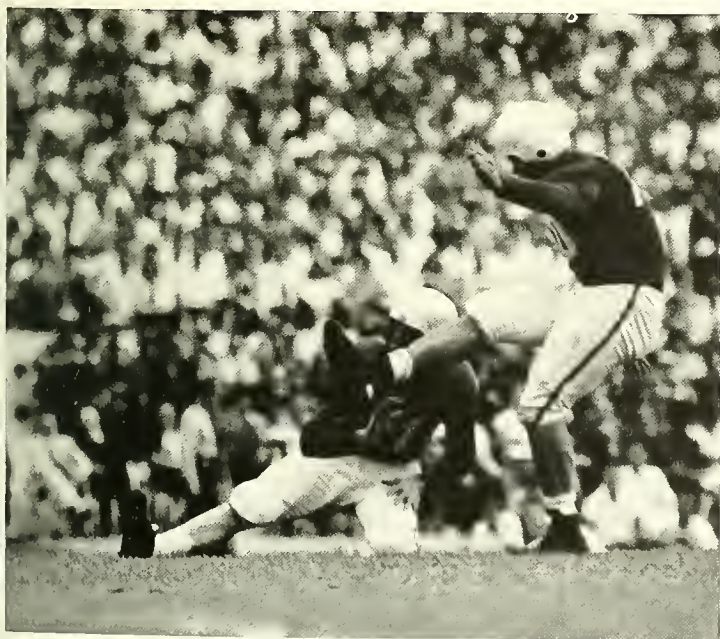

Dan Rogas unbars the gap!

TULANE . . . 54; MISS. STATE . . . 6

Tulane's Green Wave released a football steam-roller to crush the Maroons 54-6.

Completely outmanned, outrun, and outclassed the Maroons fought to the finish against over-

Old 'Mule' kicks

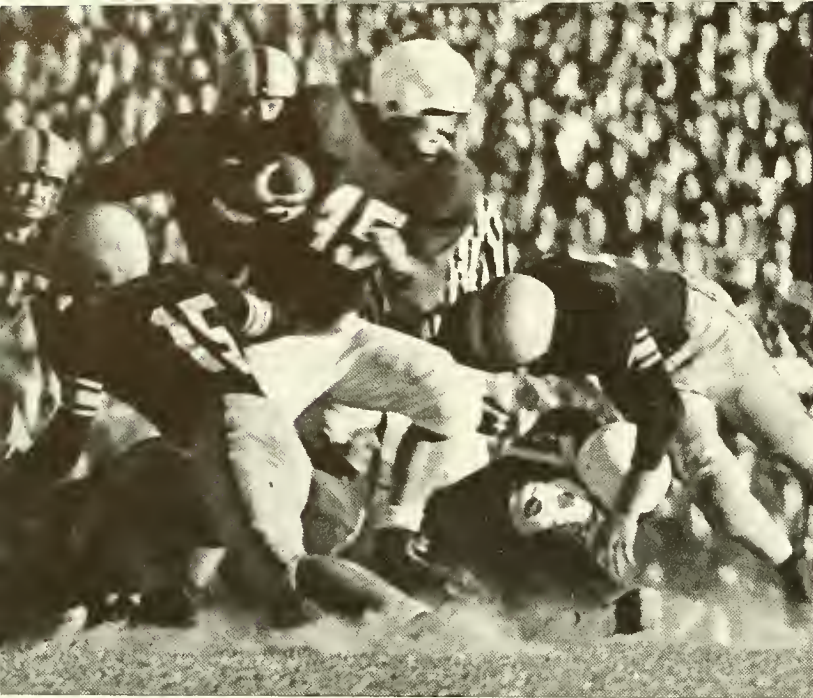

whelming odds after Eddie Price dashed 65 yards in the opening seconds of the second period to put the Greenies ahead, 21-6. Mississippi State had scored its lone touchdown a minute or so before this.

Price had also scored Tulane's first touchdown in the opening minutes of the game on an 18-yard dash. Cliff Van Meter scored 3 of Tulane's 8 touchdowns.

Bobby Jones and the rest of the Greenies turned in some of the best down field blocking that has been seen in many Saturdays of football at Tulane Stadium.

Substitutes outstanding for the Greenies were Al Burr, Gus Nihart, Bob Rogers, Nick Digiralmo, Harry Hahn, Art Kleinschmidt, Bob Eddy, and Dick Fugler. Kleinschmidt turned in one of the best performances of any Greenie lineman this year, including blocking a Maroon punt.

Ed makes the old school try!

TULANE . . . 21
NAVY . . . 21

Homecoming 1949 saw Navy establishing a beach head on Tulane gridiron and holding on for a 21-21 tie.

The passing of Bob Zastrow enabled the Mid-dies to give the Wave a thrilling battle that kept 70,000 fans standing most of the way. His pass at the end of the first half gave the men from Annapolis a 14-7 lead as they walked off the field.

Again it was Eddie Price who was the big gun for the Tulane eleven as he scored all three of the Wave's touchdowns. But the Greenies first had to come from behind to tie the Navy. On the opening kickoff Navy started a drive that lasted 88 yards for their first touchdown.

A spectacular run by Eddie Price put the ball on Navy's 39 yard line and then pushed it over for Tulane's first tally. In the third quarter Price broke off left tackle and ran for 68 yards for another score. In the final period on a pitchout from Joe Ernst, he ran 25 yards for the last Wave score.

A screen pass, Zastrow to Arnold, was good for six points to tie the score.

TULANE . . . 41
VANDY . . . 14

In a rough and tumble game, a hard driving and very aggressive Tulane team smothered the Vanderbilt Commodores 41-14 for their fifth conference victory.

Eddie Price stood out like a sore thumb. Most of the time he got fine blocking, but at others he simply ran power-house style right through the middle of the Vandy-line. He scored three times.

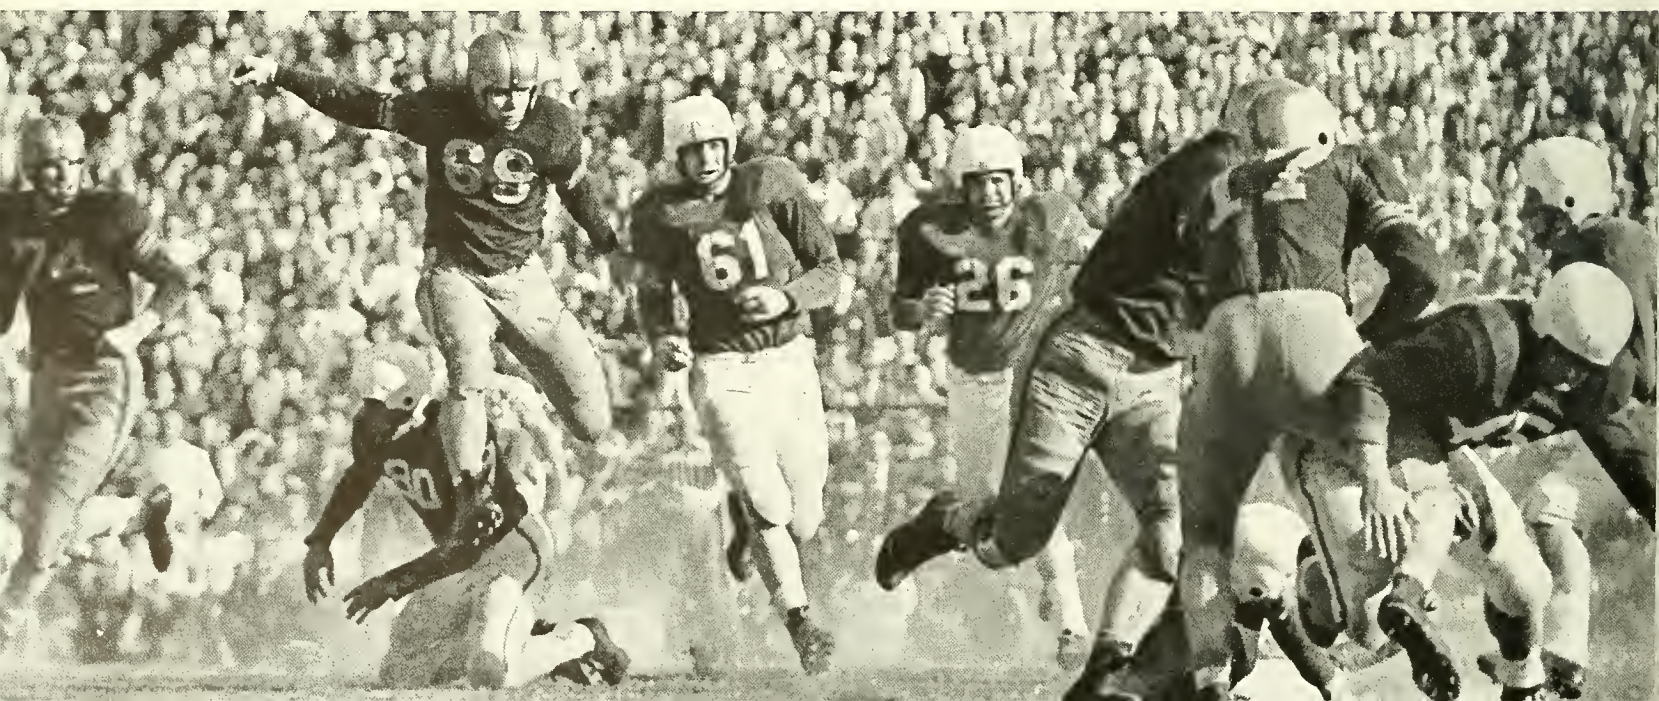

Joe Ernst, Bobby Jones, and Jimmy Glisson each scored one time with Euel Davis kicking five times for the extra point.

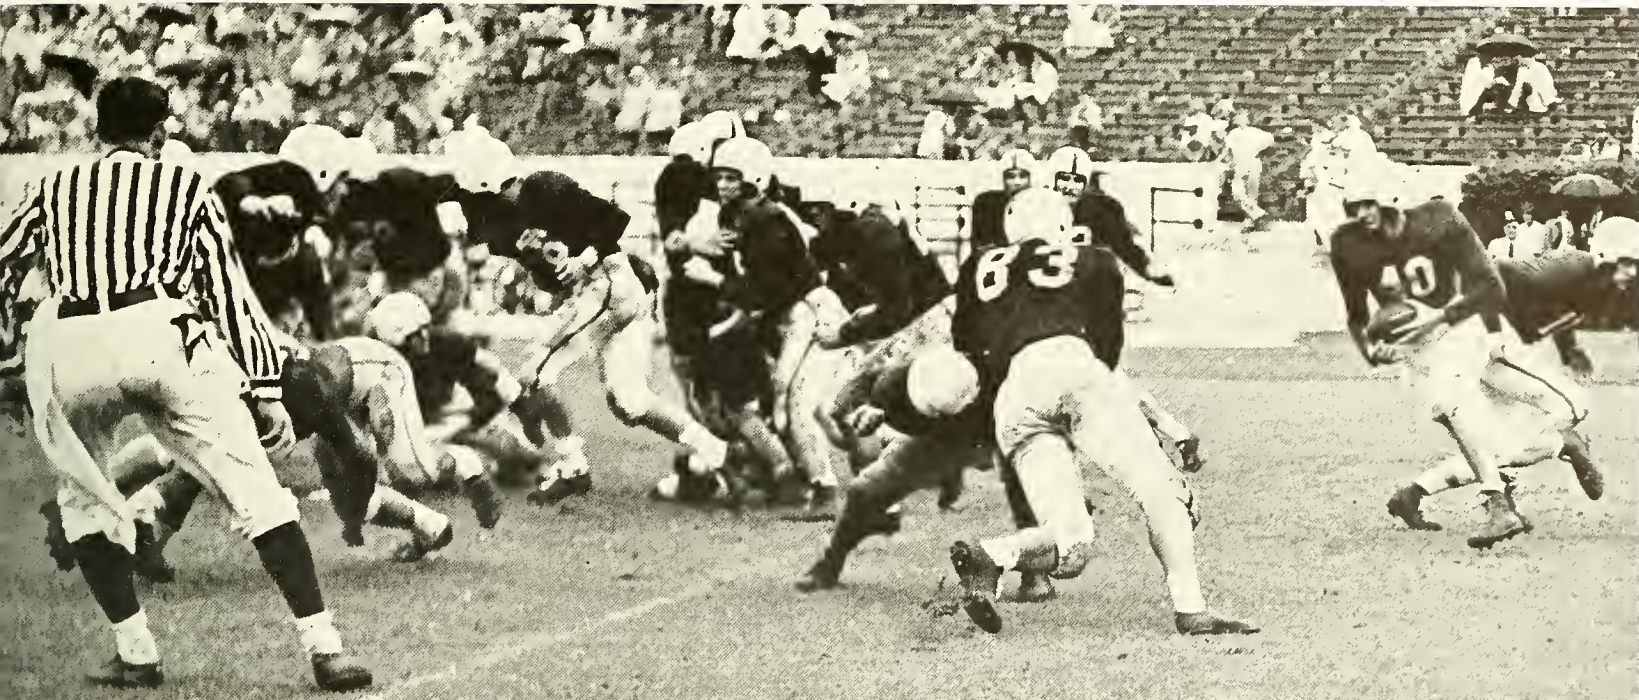

In the second period George Maddox intercepted a pass, and Bill Svoboda on the next play took it to the one-yard line where Joe Ernst went over on a quarterback sneak.

Price went over for the third Tulane score by hammering out 15 yards. He also raced 69 yards for the next score. Later he took a pass from Bonar on the Vandy 45 and ran the rest of the way for the score. This last one brought cheers from the Vandy side of the stadium.

Jimmy Glisson went down the sidelines for the last Tulane score.

Eddie throws a block!

One lung on the hand off!

TULANE . . . 28
VIRGINIA . . . 14

TULANE . . . 0
L. S. U. . . . 19

The Wave rolled right into Charlottesville and right out leaving in its wake a 28-14 victory and 30,000 fans.

The Greenies played heads up ball all the way and ended Virginia's seven game winning streak. The Cavaliers just couldn't get rolling against the big Tulane line and had to resort to passing for its two tallies.

The first touchdown was on a pass from Joe Ernst to Bobby Jones. The second also on a pass at the end of the second quarter on a pass from Jones to Sheffield.

Virginia countered with a pass to Bill Mausteller for a score, but Jimmy Glisson took some of the pressure off the Greenies by taking one of Michel's punts and running 65 yards for a touchdown. Price finished off the day with an eleven yard jaunt to pay dirt.

In the last game of the season before a jam-packed Tulane Stadium, the Wave went down before a determined band of L. S. U. Tigers.

Tulane's pass defense was good, limiting the Tigers to only 44 yards via that route. This game saw Eddie Price's lone pass for four years of college ball.

It was just too much Konz and Hedges for the boys from Tulane that day. Price wasn't able to get started and the Wave lost nine passes by interceptions, as many as had been intercepted all season by nine previous foes.

TULANE'S BASKETBALL SEASON

Perhaps a bit of the luster was rubbed off the fabulous Greenie quintet this year, but in order to get a more accurate picture of the season, it is necessary to look beyond the record books and into the games themselves.

The beginning of the season saw Tulane blast the Fliers of Keesler Field 81-43, and the fans predicted a great year for the team. Then SLC, Spring Hill, SLI, and Rice bowed before an inspired Greenie five that would not be denied, and the enthusiasm mounted.

It couldn't last, however, and the law of averages finally caught up with the high-riding Green Wave. It was the Razorbacks of Arkansas who were fated to hand Tulane not only its first loss of the season, by an unfortunate margin of one point, but also its first defeat on the home court in four years.

Nevertheless, the Wave spirit still ran high. Large margins of victory were next scored over Florida, Ole Miss, and Villanova. Virgil Risner with his rifle-shot, Jim Riffey with his push shots, and

Sitting, Left to Right: Al Wick, Tom Bowman, Virgil Risner, Ivan Wilhelm, Bob Wells, Ralph Pederson. Standing: Coach Wells, Mel Payton, Bob Hullenger, Jim Riffey, Bob Bostel, Jim Sinclair, Gus Adomitis, Manager Holman.

CAPTAIN "BIG JIM" RIFFEY

Mel Peyton with his tip-ins and set shots were racking up points and fame for themselves and Tulane in every game.

Then came the dark day of the first Sugar Bowl game when Tulane lost to highly-rated Bradley in its worst defeat of the season. On the next day, however, the boys came back with that will-to-win and rolled over Villanova. Keeping alive the Greenie winning tradition, the Wave met Georgia Tech next in one of the thrillers of the season. Excellent ball was played by both teams, but the Wave superiority showed in the end as they went ahead to win 64-62.

Come on fellows, pile on!

Doctor Risner's still hot shooting!

Next on the schedule was LSU in Baton Rouge. The Tigers, having lost six consecutive games to Tulane, were keyed up for the kill. Their home court seemed to be the ideal place, but, when Tiger met Greenie on the court, Tiger was having a hard time keeping his tail from getting pulled. The lead in the game changed 15 times—one indication of the spirit of the two teams. But as the game drew to a close, the Tigers found themselves losing ground, and the curtain fell on the most thrilling game of the year with the score reading 75 for Tulane, 70 for LSU.

It might be argued that the boys from up the bayou had forgotten their rabbit's foot that night—or that the Green Wave "gris gris" was too potent. Anyway, the thirteenth game of the

Aw! Come on, Pete!

Going down!

Bowman goes up!

year, played on Friday the thirteenth, spelled disaster for the victory-hungry Bengals.

Then something went wrong, for the Tulane team that met Alabama and Georgia Tech was not the same team that began the season. They lost these two games, and stellar players Risner and Bostel at the same time. Thus weakened, the Wave was slated to lose three more before the end of the season. Mississippi State claimed two of the defeats, and Auburn the other.

All was not darkness, however, for traces of the old fire were still to be seen when Tulane met and defeated highly-touted Tennessee and avenged themselves on Ole Miss. The expert ball-handling of Ralph Pederson and newly-healed Tom Bowman proved too much for their opponents.

The final victory of the season was taken once again at the expense of the Tigers of LSU. It was sheer endurance coming through as the Greenies engulfed the hapless boys from up the bayou to the tune of 77-71.

The spark was out at the SEC tournament, however, as Tulane met Miss State in the first game and went home early. "Nuff said."

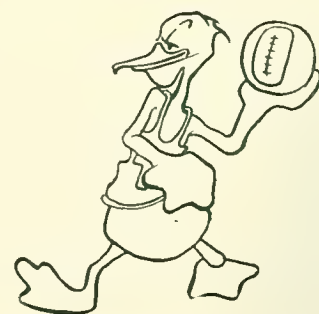

Next year the loss of Tommy Bowman, Gus Adomitis, and All S.E.C. Jim Riffey will weigh heavily, but the Wave will continue its roll under the capable direction of Coach Cliff Wells.

Ye olde Bowman by-pass!

Pete sets for the lay up!

We looked and he missed!

Faced with the problem of rebuilding a baseball team that looked good in 1949, but had lost most of its experienced men by the scoring of 1950, Coach John Read started to rebuild. While not showing an impressive record, the Wave showed plenty of improvement by their last game.

The final game of the season was an excellent showing against a well-seasoned LSU nine that had lots of everything. It came on the strength of Jack Doland's three run homerun in the last of the ninth inning with two out. It was a Ruthian wallop all the way to dead center that gave the Green an 8-6 win over the Tigers in their only encounter of the season.

Coach John Read and his ramblers!

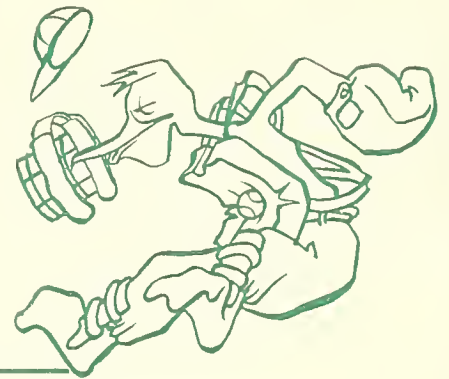

He ssayd, haid fust!

The final lineup for 1950 showed the following:

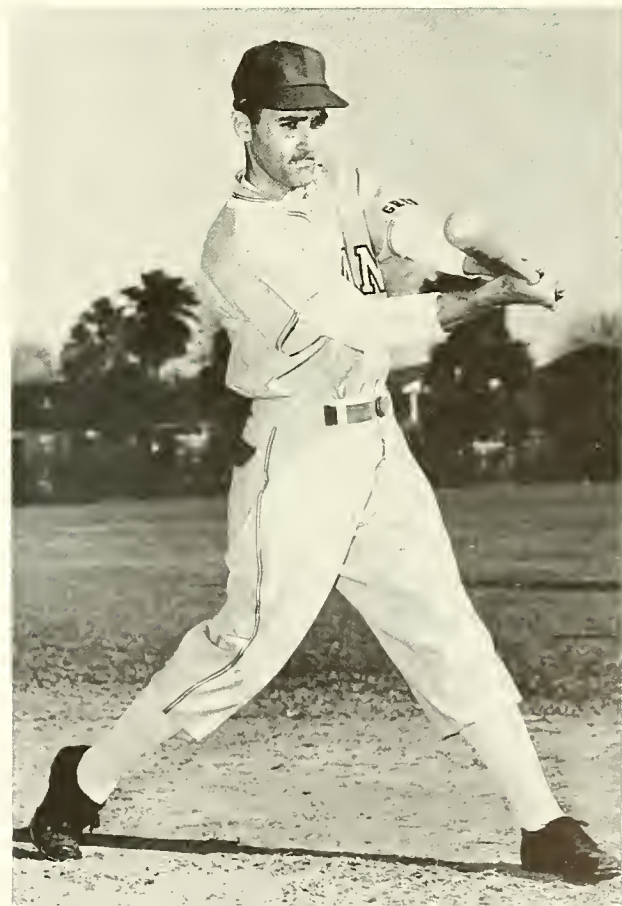

First Base	George Kinek and Woody Watson
Second Base	Eddie Brennan and John McCormack
Short Stop	Jack Doland
Third Base	Bili Bonar and Bob Whitman
Catcher	Dewey Keen
Pitchers	Ed Heider, Dick Norris, Pat Harrington, Tom Comeaux
Centerfield	Mel Payton, Mike Stohlman
Right Field	Aaron Selber, Phil Centanni
Left Field	Jack Ward, Phil Foto
Top Hitters	Mel Payton, Jack Doland, Phil Foto, George Kinek

He looks better with the mask!

Coach Emmet Pare's netmen again piled up another impressive string of victories this year, but a change in the rules for the SEC meet prevented the Greenies from taking the championship.

Playing brilliantly all season long was number one man Jack Tuero. He won the National Collegiate Athletic Association Championship last year on the heat drenched courts of the University of Texas. In 1950 Tuero won the grand total of twelve matches without a defeat. In four years of college play he has lost only three matches. 1950 also saw the curly-haired fellow take the SEC singles title for the third time.

Dick Mouledous, a former national boy's singles champion and junior Davis Cup winner, as the number two punch in the "old one-two" of Tulane for three years. He took the number two singles championship at the SEC tourney. Tuero and Mouledous combined forces to take the number one doubles match.

Walker Harris, Med School student, held down

the number three position and took the SEC number four singles championship.

Ellery Carver and Horacio Amengual, both sophomores, promise to be the mainstays in 1951 for Coach Pare.

Tulane's thinclads wound up with a even split in their two dual matches of 1950. They lost to Alabama, the conference champions, by a score of $73\frac{2}{3}$ to $57\frac{1}{3}$, and won over the Yellow Jackets of Georgia Tech 70 to 61. The scheduled match with LSU was rained out twice, and was not held in 1950.

The Green also entered in the Texas, Kansas, Drake and Southern Relays led by Paul "No Legs" Bienz, and came in fourth in the annual SEC meet in Birmingham.

Paul Bienz, the greatest sprinter to ever run for the Wave, won practically all his races, only losing to Texas' Charlie Parker in the Kansas and Texas Relays. Both losses came in photo-finish style.

The All-American track man successfully defended his titles in the Drake and Southern Relays, where he beat

some of the nation's best sprinters. In fact, only four men in the U. S. today have bettered or equalled the Greenie's records for 1950. He's done the century in 9.6 and the 220 in 20.6 seconds.

Outstanding for the Wave in 1950 were: Dick Fos, broad jumper; Tom Hudson, middle distances; Bill Geary, middle distances; Spencer Johnson, distances; Bob Parsons, middles distances; Frank Burge, hurdles; Don Joyce, weights; Walker Spangenburg, pole vaulter; and Bill Bostel, high jumper.

In the sprint medley relays at the Kansas and Southern Relays, the Wave finished in the money behind the pace-setting Oklahoma Aggies. They finished fourth in the former and second in the latter.

The little known and even less appreciated Tulane Golf Team did a sterling job this year in upholding the Green Waves' standards.

Most important of all the team this year beat the L.S.U. Tigers in their first meet. It was the first time such a thing has happened in many a year.

Following are a few notes on the activities of the team this year:

SCHEDULE

March 3. . . . Gulfport Open—Both Co-Captains, Dick Chassee and Fritz Franz, looked exceptionally well.

March 14 Tulane, 9½; LSU, 8½ at New Orleans
 March 25 Tulane, 5½; LSU, 12½ at Baton Rouge
 April 1 Tulane, 17; Spring Hill, 1 at New Orleans
 April 8 . . . Tulane, 12½; Memphis State, 14½ at New Orleans
 In college play Tulane won 2, lost 3.

NOTES

Tulane vs. Spring Hill, April 1 . . . Fritz Franz hit a very nice looking 69 to win over Bud Wade at 75 for the course.

Tulane vs. LSU, March 14, 1950 . . . Franz scored a two over par 73. Chassee fired a neat 75.

The Wave entries in tournament play held their own in good style—Dick Chassee and Fritz Franz.

FROSH FOOTBALL FROSH BASKETBALL

The freshman football squad went through another rugged season of training and work preparing to help fill the ranks of the varsity squad, depleted by graduation.

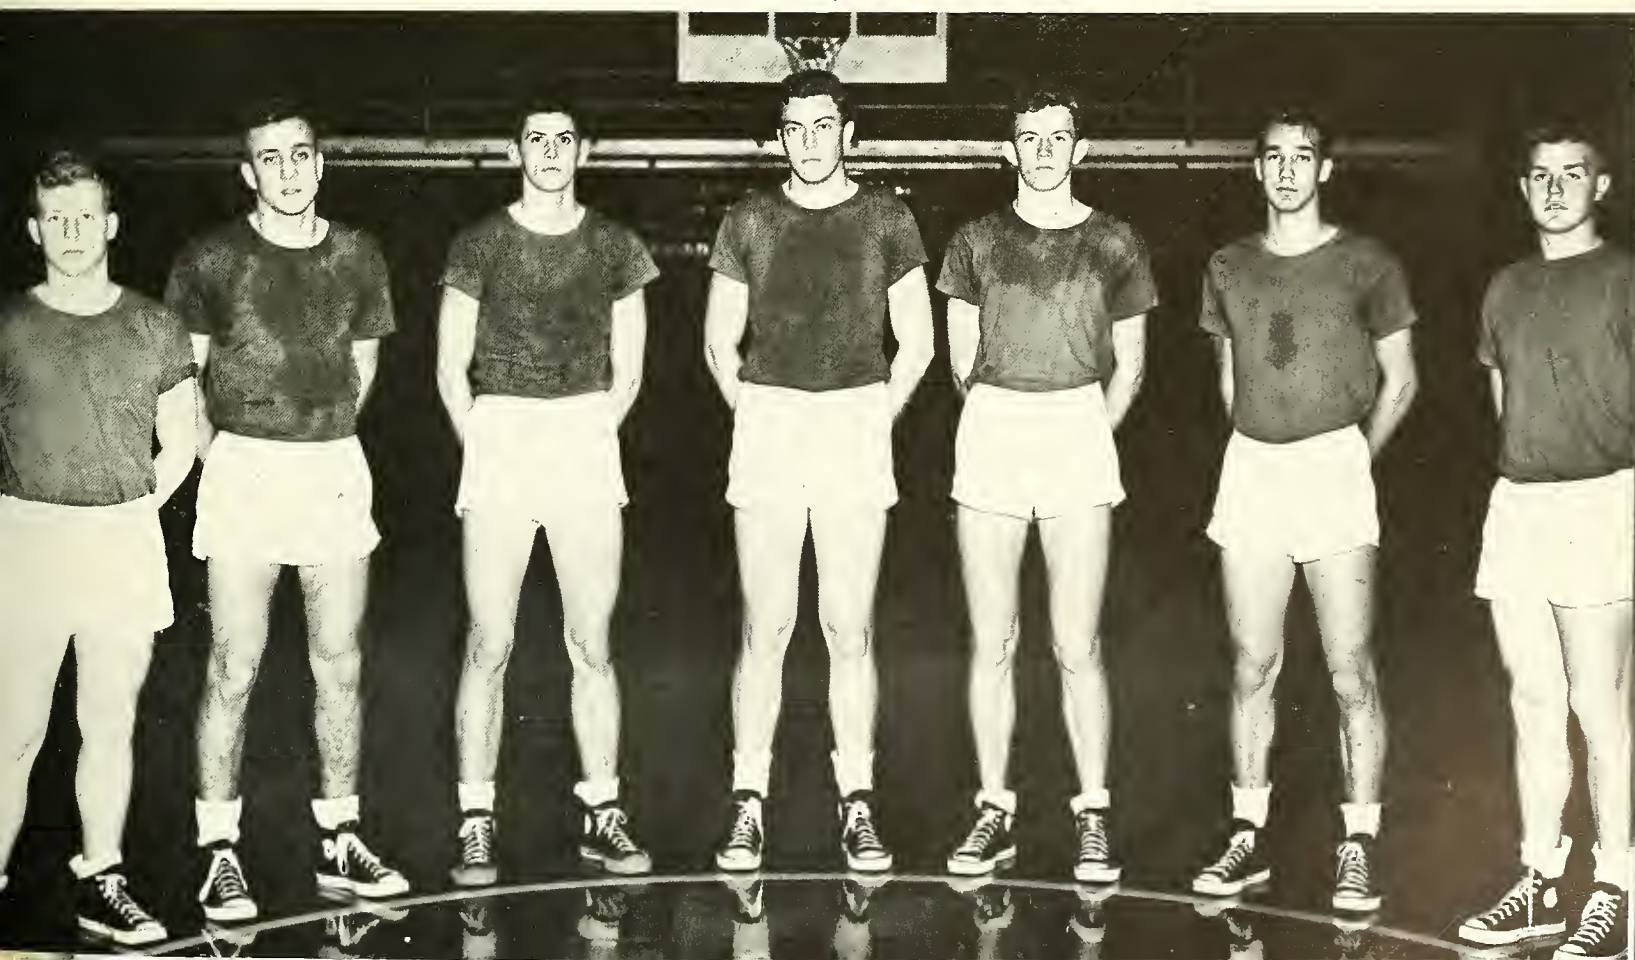

The job of taking boys fresh from high school and turning them into varsity calibre is no easy one, but Coach McElreal tackled the problem this year with renewed vigor, knowing that next year would be one for his boys to shine. In view of his past record Tulane can expect '49's freshmen to show great stuff in the season of 1950. As evidence we point out T.U.'s Freshman team beat the L.S.U. Tiger cubs.

Pounding the hardwood this year are some of the finest freshman basketball players to come to Tulane in several years.

Coach Wells, as usual, has kept them shrouded in secrecy, but if rumors are any indication, the boys of the freshman basketball squad should show up well in next year's games.

Some good tall boys are supposed to show from this group. Tulane needs some height under the backboards, and these boys should be just what the doctor ordered.

Intramurals, while often taken too lightly by the college student, is an integral part of education in that all aspects of the individual's development are taken into consideration. The Intramural Council of Tulane University, made up of students from the various colleges within the university, has during the past year accepted its great responsibility as a planning and promotional group with enthusiasm, and, through constant study and effective planning, has initiated a program of activities whose growth is inevitable. Judging from this year's performances in intramural activities, varying from the rough and tumble physical activity of touch-football to the more relaxing diversion offered by an impressive chess club, the immediate goal of 100% class participation in major sports promoted will be reached in the 1950-1951 academic year. This can be accomplished, however, only through the support of the newly elected Class Intramural Representatives, together with an appreciation of the

physical, social, mental and emotional values of intramurals participation by more students.

This years activities were augmented by a newly inaugurated Intramural "Club Plan" for minor sports and

other activities and the introduction of "Pan-Mural" championship games in major sports, sponsored by university spirit organizations. The effect of these steps taken by the Intramural Council, the Pan Hellenic Council and

the sponsoring spirit organizations, "TUSK" and Greenbackers, has been a marked increase in student interest in sports on the university level and a resulting increase in general school spirit on the campus. The Intramural clubs were formed in order to provide for participation of a continuous nature in the various activities, sports or recreational, promoted by the Intramural Council, and those clubs organized during the past year have, through their activities and sound practices, proven the need for such a program. The "Pan-Mural" championship games have served to bring about a greater competitive spirit among Pan-Hellenic Sports and Intramurals participants as well as a closer relationship between the two promotional groups.

Participation in intramurals is the voluntary choice of the student of Tulane University, and the success of the program, therefore, rests with the individual and is measured in terms of the benefits which he personally enjoys.

The Tulane Law Review was established in 1929 and is devoted to the study of civil law and comparative law with the particular emphasis on study and recommendations for codification and statutory interpretation. The Review is edited by a student board under the super-

vision of a faculty advisor, and is published quarterly.

The Tulane Law Review has accomplished many worthwhile accomplishments in the field of law and enjoys an enviable and respected position among leading American legal periodicals.

The Moot Court is an important organ of the law school, designed to supplement knowledge gained by practical experience in the classroom and the library by practical experience in the analysis, preparation, and argument of the cases.

Each student in the law school is required to present two moot court cases during his Freshman year. The Junior-Senior Competition is open to members of the Junior class on a voluntary basis. The climax of this elimination series, which extends through two years, is the final case which is argued before the judges of the Court of Appeals of the Parish of Orleans. The winners of the 1949-1950 competition were David C. Treen and Carl J. Schumacher. Their names will be inscribed on a plaque located in the lobby of Tilton Hall.

The Judges of the Moot Court are chosen in equal number from the Junior and Senior classes on a scholastic basis. It is the function of the Court to draft fact situations involving moot points of law, perform the administrative duties of the Court, and sit as Justices of the Supreme Court of Tulane.

White Inn of Phi Delta Phi International Legal Fraternity was established at Tulane in 1911. Members are selected on the basis of scholarship and ethics. Its aims are the promotion of legal training and ethics. Projects for this year include a lending library for law students needing textbooks, the awarding of a legal text to the Senior law student whose scholastic average has improved most from his Freshman year to his Junior year, plans leading toward the acquisition of a fraternity house, and the inauguration of annual joint meetings with the chapter at LSU.

The national fraternity was founded in 1869 at the University of Michigan and is the oldest professional fraternity in America.

HISTORY OF MEDICINE

The History of Medicine Society of Tulane was established in 1933 by three students interested in fostering an appreciation and knowledge of medical history and lore which was not formally provided in the medical curriculum. From an initial membership of twelve, it has gradually grown, and now numbers approximately 60 active members. Meetings are held monthly, at which time one of the seniors or staff members presents an original paper relating to the particular phase of medical history in which he is especially interested. The Society has established a Library Fund to add volumes of historical interest to the Tulane Medical Library; and three awards, the Rudolf Matas award, the I. I. Leman award, and the B. B. Weinstein award for the three best senior papers of the year, that are presented at the annual banquet each spring.

Alpha Omega Alpha is a non-secret honorary medical society founded at the University of Illinois in 1902. The society is composed of regular members, who as medical students have given promise of becoming leaders in their profession, of honorary members consisting of physicians who have attained distinction in a worthy line of human endeavor, and of persons whether

physicians or not, who have gained unusual recognition in fields related to medicine.

The aims of the society are the promotion of scholarship and research in medical schools, the encouragement of a high standard of character and conduct among medical students and graduates, and the recognition of high attainment in medicine and related fields.

The principal purpose of the twenty-eight-year-old Owl Club is to promote better student-faculty relationships by creating a thorough understanding of the problems in teaching and being taught so that both parties may benefit from constructive criticism and thus maintain and advance scholarship, teaching, and ethics at the Medical School.

It is composed of twenty-four seniors and

three juniors elected yearly on the basis of their character, personality, and scholastic interest.

The organization is pledged to several projects, such as gathering information of aid to juniors and seniors in the selection of internships, and has taken leadership in sponsoring the Tulane Medical Research Fund, which promotes and finances wider research at the School of Medicine.

GERMAINE CAZENAVE

Owner and manager of Arnaud's Restaurant, daughter of the late Count Arnaud, founder of the restaurant that bears his name, as well as creator of many famous Creole and French dishes famed throughout the world.

Few are the people who set foot on the sidewalk of New Orleans who do not seek to learn the location of Arnaud's and forthwith journey there to enjoy this famous cuisine. After partaking of a notable meal, guests frequently ask the derivation of a particular dish: "Is it French?" "Is it Spanish?" The answer is that it is a combination of the wizardry of the French with the art of Spanish to make Arnaud's masterpieces.

Greetings to the Jambalaya From

TABASCO

The Sauce Supreme

Not only the standard of fine seasoning throughout the world for more than seventy-five years, but one of the open secrets of master chefs!

There are countless uses for TABASCO in every day dishes, but use it with discrimination—a few drops to make food tantalizing; a generous amount to make food hot.

Summertime means Barbecue Time! For that extra something in your barbecue sauce, try TABASCO—once tried, always used!

What would *Jambalaya* be without rice?

To jambalaya and gumbo, shrimp Creole and good honest beans, rice is indeed essential. The rice business itself is a great and satisfying one. Growing and milling, marketing and merchandising—these offer a constant challenge to those of us who live with, by and for the rice of Louisiana. Growers work to improve the varieties. Scientists develop new uses for rice. Our own company made marketing

history this year by introducing a package design new to the industry. Every enterprise affords such new and ever-interesting possibilities.

As a graduate of Tulane University, you have the advantage of a fine start. It is our hope that your future "building years"—whether they be in industry or science or a profession—will also be good years, yielding many challenges and rich rewards.
